

# Suggested Missionary Packing Lists

The Kater Shop Menswear Store has been outfitting LDS Missionaries for over 69 years. We know what clothing works, and what doesn't. We believe "How you look is the first message you deliver." Choosing the right clothing based on the climate of where a missionary serves, and the quantity of items to take, is critical to ensure the missionary delivers the right message. The packing lists we provide are meant to be used as guidelines of items to purchase based on the missionary call packet. Items are bundled together with the "buy more, save more" approach.
