

## SAMe Plus

### S-Adenosyl-L-Methionine

SAMe PLUS is a comprehensive blend of SAMe, N-Acetyl, Taurine, Zinc, & B-Vitamins, and is recommended to help maintain proper liver health and brain function in dogs.

SAMe is known to increase liver levels of glutathione, a potent antioxidant that supports healthy liver function. SAMe has also been shown to help protect liver cells from cell demise and may help cell repair and regeneration. Although SAMe is best known for supporting the liver in dogs and cats it also has a place in supporting brain health. SAMe also assists with normal brain health and act as a neuroprotector. Our tablets are enteric coated for optimal absorption.

**DIRECTIONS FOR USE:** Tablets should be given on an empty stomach, at least one hour before a meal for optimal results. Tablets should not be broken as the enteric coating of our SAMe Plus tablets protects the active ingredients from destruction while in the stomach. Tablets should not be split or crumbled.

**Recommended Administration for Dogs:**  
 S-Adenosyl-L-Methionine...225 mg  
 16 – 35 lbs 1 Enteric Coated Tablet  
 36 – 65 lbs 2 Enteric Coated Tablets  
 66 – 99 lbs 3 Enteric Coated Tablets  
 100 lbs + 4 Enteric Coated Tablets
