Ring Sizer

50mm

Your Ring Size

Cut Slit Here
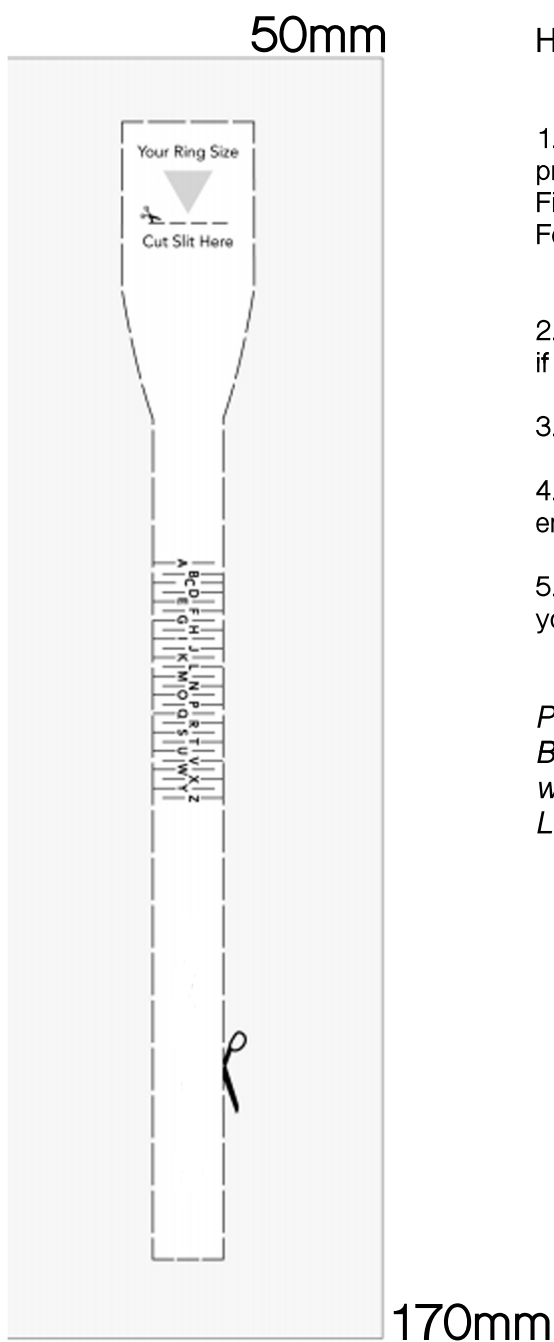

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

170mm

How to measure your ring size?

1.Print this document on A4 paper. To ensure this document prints at the correct size,go to:
File>Print>Properties, and then ''Page Scaling'' to ''None''.
For Apple Computers : the scale has to be 100%.

2. Measure the box with a Ring Belt Sizer and check if it is exactly 170mm x 50mm.

3. Cut out the sizer and adjust it around your finger.

4. Make sure it is not tight. It has to feel comfortable enought for you to remove it easilly and put it back on.

5. Read the closest letter indicated by the arrow. And this is your ring size!

Please remember that the measurement with a Ring Belt Sizer is only a guide. To obtain the accurate ring size, we are more than happy to help you with that in our London showroom.
