## To Measure

Measure from the centre of your baby's heel along their sole to the tip of their longest toe.

Taking the measurement while they are standing is the best way to do this if you are able to.

If they are not yet standing use a book or similar as a flat surface to press their foot against while you measure.

**⚠ WARNING:** This page must be printed at 100%. Do not resize or scale to fit. Use a ruler to confirm accuracy.
