Please note that all the prices listed are starting price points. Final costs quoted will depend on flower choice, seasonality, size and style, which we can discuss further during the consultation process. A delivery, set-up and design on site charge fee may be added to the proposal and final quote, depending on your weddings needs, designs and venue. This covers travel, admin (meetings and planning), and the time based on site. If a post-event breakdown of elements (such as arches and floral hoops) is required, this will incur an extra charge. All prices are +VAT, which will be shown in your proposal and final quote.
