## **The wedding process:**

### **Bespoke design proposal:**

After completion of an initial questionnaire where we can gather some insight into the style and ideas you have for your special day, we prepare a detailed floral proposal and initial quote for review; including details of your day and making sure they align with your vision.

### **Revisions and follow up:**

Once you have reviewed the initial proposal, we can arrange a call or one-to-one meeting to chat through any amendments and update.

### **T's and C's and booking:**

Once you are happy with your proposal and quote, lets make it official! To book your special day into our diary, we request a 10% deposit and our Terms and Conditions to be signed.

### **Final details and payment:**

6 weeks before before your wedding, we will have booked the final meeting, which goes through all the little details to ensure everything is exactly right and makes your day magical. We will also send through your floral itinerary, which details where we will be on your special day, timings for deliveries and any onsite creations.

### **Your wedding day!**

Depending on your floral designs and creation requirements, we will be delivering hand tied bouquets, building installations and making sure every details is perfect!
