

How TO USE?

FILL IN I.E.P. data AFTER hOLI-
days & breaks.

Google Form

A screenshot of a Google Form displayed on a tablet. The form has an orange header and contains several questions with radio button options. The visible text includes:

Questions to consider

Answer "No" if it is not applicable at this time, or the user is not a data collector.

Do progress reports and data show that the child demonstrates periodic regression, which is related to breaks in instruction throughout the school year?*

Yes
 No

Do progress reports & data show that the child regresses & can't re-learn the skills in a reasonable amount of time following the breaks? (For summer, 8 weeks. For other breaks, use the length of the break for recoupment, e.g. Thanksgiving Break, 1 week)**

Yes
 No

Does documentation support that without EEP services the child would regress to such an extent and have such limited recoupment ability that he or she would

Extended School Year (ESY) Data Collection

Student: Anne

Teacher / Case Manager: Mrs. Kolo

School & Year: 2

Setting / Prog

Critical Skill from IEP	Mastery Criteria from IEP	4 th 9 weeks Avg.	Baseline #1 (Sept. Avg.)	Baseline #2 (End of 1 st 9 weeks avg.)	Post Thanksgiving Break	Post
Read 40 Pre-Primer Sight words	80% (32 words)	20 words	16 words	19 words	35 words	30 words
single digit addition	80% with ind w/ # line	60%	58%	62%	65%	60%
single digit subtraction	80% with ind w/ # line	55%	55%	60%	58%	58%
transitioning from 1 task to another with less than 3 prompts	100% w/ 3 prompts, visual sched, timer	80% w/ 4 prompts	70% with 5 prompts	80% with 4 prompts	80% with 3 prompts	80% with 3 prompts

Why use it?

HELPS make data based decisions FOR EXTENDED SCHOOL

Google Form

A hand holding a smartphone displaying a Google Form titled "ESY Qualification Tracker". The form includes a "Date:" field, a "Reporting data on:" dropdown menu, and three sections for tracking student goals. Each goal section contains a text input field and a "Your answer:" label. The text in the goal sections reads: "PUT THE STUDENT's Goal 1 here, then track the % accuracy when completing the form *", "PUT THE STUDENT's Goal 2 here, then track the % accuracy when completing the form *", and "PUT THE STUDENT's Goal 3 here, then track the % accuracy when completing the form *".

Google Form

A tablet displaying a Google Form titled "Questions to consider". The form includes a header "Questions to consider", a note "Answer 'No' if it's not applicable at this time, or too soon to make a determination", and three multiple-choice questions. Each question has "Yes" and "No" radio button options.

Do progress reports and data show that the child demonstrates periodic regression, which is related to breaks in instruction throughout the school year? *

Do progress reports & data show that the child regresses & can't re-learn the skills in a reasonable amount of time following the breaks? (For summer, 8 weeks. For other breaks, use the length of the break for recoupment, e.g. Thanksgiving Break, 1 week) *

Does documentation support that without ESY services the child would regress to such an extent and have such limited recoupment ability that he or she would be unable to benefit from his/her special education program? *
