Winans®

COFFEE & CHOCOLATE

## It's gonna be a sweet season.

There's nothing quite like the joy of giving the perfect corporate gift to a valued client or hardworking employee. Not only does it show that you recognize their efforts, but it also sends the message that they are an important part of your success.

Winans' seasonal gift boxes are filled with our most popular house-roasted coffee and locally-crafted chocolate selections. Curated to make your gift recipient feel special, each box is carefully assembled, wrapped with a bow, and comes with a personalized gift card bearing your message.

Our corporate gifting services go beyond simply sending packages of coffee and chocolate though. We also offer **custom insert options** that allow you to include your branded collateral for an extra special touch.

We understand that corporate gifting requires attention to detail and quick turnarounds, so the Winans team is available to help organize orders for larger quantities and ensure that your packages arrive on time.

Whether you're looking for a thoughtful gift for your clients or an inspired reward for your employees, Winans has the perfect gift solution to show them how much you care. Contact us today to learn more about our corporate gifting options and place your order for the holiday season!
