ANTURIO COLLECTION

ANTURIO

Inspired by the eponymous flower, in “Anturio” we sought to create a collection as elegant, beautiful, and ethereal as its namesake. While our last collection, “Floralia,” developed as it was during a period of isolation, featured pieces ideal for lounging in style, “Anturio” was designed for events, connection and enjoying life. The collection features a combination of brand-new styles and signature pieces from “Floralia” that have been updated and perfected for a post-pandemic world. We added floral prints in soft watercolors, adding an air of ethereal romance to the garments. The cuts are flowy, comfortable, and unrestrictive so that the wearer can finally feel free: Free to move, free to connect, free to live her life.

For the campaign, we wanted a setting that showcased the natural beauty that inspires us, while keeping us rooted in our native El Salvador. We chose Suchitoto a magical Colonial lakeside town, who’s name fittingly means “Land of Birds and Flowers” in Nahuatl.

Inspirándonos en la flor homónima, en “Anturio” buscamos crear una colección tan elegante, bella y etérea como su homónima. Mientras que nuestra última colección, “Floralia”, se desarrolló durante un período de aislamiento, presentaba piezas ideales para descansar con estilo, “Anturio” fue diseñada para eventos, conexión y disfrutar de la vida. La colección presenta una combinación de estilos nuevos y piezas exclusivas de “Floralia” que se han actualizado y perfeccionado para un mundo post pandémico. Agregamos estampados florales en suaves acuarelas, agregando un aire de romance etéreo a las prendas. Los cortes son fluidos, cómodos y sin restricciones para que el usuario finalmente pueda sentirse libre: Libre para moverse, libre para conectarse, libre para vivir su vida.

Para la campaña, queríamos un entorno que mostrará la belleza natural que nos inspira, al mismo tiempo que nos mantiene enraizados en nuestro El Salvador natal. Elegimos a Suchitoto, un mágico pueblo colonial junto al lago, cuyo nombre significa apropiadamente “Tierra de pájaros y flores” en náhuatl.

MATERIALES Y TÉCNICAS.

La colección presenta piezas modernas y fluidas, a base de tejidos como seda natural y tencel biodegradable. Estos elementos etéreos y discretos se embellecieron sutilmente con aplicaciones de seda natural cortadas con láser que imitan las diferentes formas de la flor anturio. Nuestros estampados fueron creados desde cero, utilizando la técnica de acuarela. Todos estos elementos combinan para darle un encanto artístico y romántico a esta nueva colección.

MATERIALS AND TECHNIQUES.

The collection portrays modern and fluid pieces, based on fabrics such as natural silk and biodegradable tencel. These ethereal and understated elements have been subtly embellished with laser-cut natural silk appliqué that mimic the different shapes of the anthurium flower. Our prints were created from scratch, using the watercolor technique. All these elements combine to give an artistic and romantic charm to this new collection.
