JACUZZI BROS. INC.

JACUZZI® BRAND IS AN ICON

Legendary for performance, reliability and ease of use, we set the standard by which all hot tubs are measured. While imitation may be the sincerest form of flattery, only 60 years of innovation can produce hot tub designs made to the demanding standards of the Jacuzzi® Brand.

Commercial

Jacuzzi® Brand products are manufactured in 5 countries, enjoyed in more than 100 countries worldwide, and employ thousands of people around the world. Representing decades of innovation, design, performance and ease of use, the Jacuzzi® Brand is trusted by millions of customers globally.

HERITAGE

When the seven Jacuzzi brothers immigrated to the U.S., they had no idea that a pump they designed for orchards would revolutionize hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

CELEBRATING
60
YEARS
OF HYDROTHERAPY

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, *Queen for a Day*, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

Through the years, the Jacuzzi® Brand has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and the SmartTub® system.

With a foundation in health and wellness and a dedication to research and innovation, Jacuzzi continues to develop products that improve the lives of both high-performance athletes and everyday people while leading the industry as the most recognized hot tub brand in the world.

PERFORMANCE

Jacuzzi® premium products support the needs of high endurance athletes and teams who are committed to maintaining and improving their quality of life, both during and beyond their active careers through the power of hydrotherapy. Whether you're a professional athlete or a weekend warrior, Jacuzzi® products increase your ability to recover, relax and perform, harnessing water's natural ability to heal the mind, body and soul.

The Jacuzzi® Brand proudly partners with endurance athletes and professional teams around the world.

HYDROMASSAGE

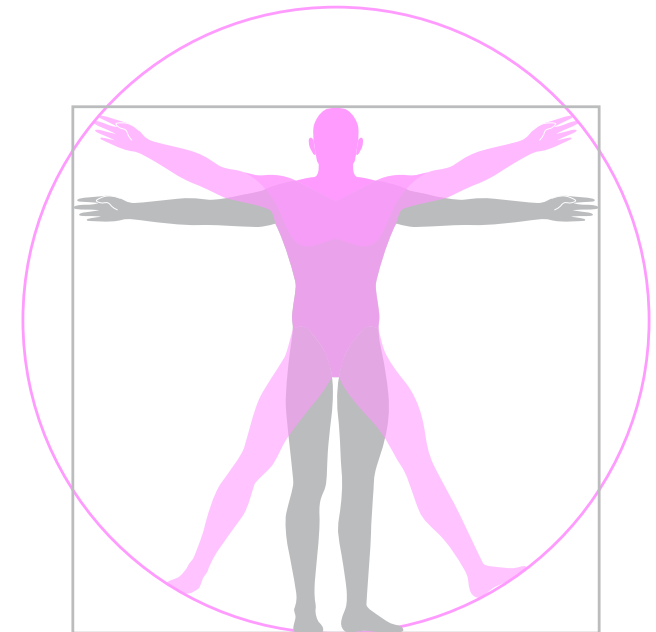

Some of the smallest daily rituals you love to do can be more beneficial than you realize. As simple as enjoying a cup of coffee, a regular hydromassage routine combining heat, buoyancy and massage can reduce stress and lower back pain, improve sleep and post exercise recovery, and alleviate restless leg syndrome, cramps, arthritis, and fibromyalgia, improving your overall well-being.

$$\text{BALANCE} = \left(\frac{\text{PUMP}}{\text{SEAT}} \right)$$

PERSONALIZED MASSAGE

To ensure you experience an optimal massage, our hot tubs are engineered using dimensions from the average measurements of 90% of the population.

ANTHROPOMETRIC DIMENSIONS

MUSCLE STRUCTURE JET CONFIGURATION

ERGONOMIC SEATING

Seats designed to follow the contours of the body and recessed jets placed to perfectly match the muscle structure of the human form deliver a comfortable, premium hydromassage experience for most body types.

COMPLETE BALANCE

Using the Aqualibrium® Formula, each jet is individually calibrated to deliver the perfect balance of air and water, then precisely paired with the exact pump-to-jet ratio needed to ensure a balanced experience in each and every seat.

AQUALIBRIUM® FORMULA

JACUZZI® POWERPRO™ JETS* COLLECTION

Our products deliver an adjustable high-flow, low-pressure hydromassage that feels like no other.

*Jacuzzi® PowerPro™ jets are available in the J-400°, and J-300° Collections. Jets are not to scale.

JACUZZI® POWERPRO™ MX

Based on the form and function of the original Jacuzzi® Jet, the MX jets deliver maximum volume at a higher air-to-water ratio to deliver a bold massage to the muscles in the lower back.

JACUZZI® POWERPRO™ FX LARGE

Focusing on the middle of the back to relieve tension and muscle strain, the spiral action massage promotes better circulation.

JACUZZI® POWERPRO™ BX

The comforting yet rejuvenating bubbling effect massages the calves.

JACUZZI® POWERPRO™ RX

The spinning RX jet delivers comforting relief to the back and shoulders utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

JACUZZI® POWERPRO™ PX

Perfect for small muscle groups in the wrists, hands and legs, the gentle pulsating massage can be adjusted for different rates of flow.

JACUZZI® POWERPRO™ FX DIRECTIONAL

Designed to relieve tension and improve circulation, this spiral action directional jet delivers a bold, targeted massage to the hips.

FX THERAPY SEAT

The **full coverage neck, shoulders and back** seat delivers a deep, adjustable, rifling, spiral stream of air and water to relieve chronic aches and pains.

RX JET THERAPY SEAT

The spinning RX Jet seat delivers comforting **relief to the back and neck** utilizing the highest performance hydromassage the Jacuzzi® Brand offers.

MX JET THERAPY SEAT

Recognized as our original Jacuzzi® jet, the MX jet delivers a maximum volume, low pressure deep tissue massage for the **lower back**.

PROAIR™ LOUNGE

Ease tension from your shoulders to your feet through targeted jets, pulsating FX Rotational jets, and exclusive bubbling BX jets for a **full-body experience**.

UV-C SYSTEM 

- Nature-inspired technology neutralizes pathogens
- Works with traditional chlorine or bromine sanitizer for sensitive skin
- Same technology used in bottled drinking water, aquariums, and hospitals

SALT SYSTEM 

VS

- Uses chemical reactions to generate chlorine from salt in preset doses
- Provides a soft, silky feel to the water
- Can be hard on equipment, corroding parts

OUR HANDS-FREE APPROACH TO WATER CARE

CLEARRAY ACTIVE OXYGEN™ CLEAN WATER SYSTEM 

CLEARRAY Active Oxygen™ technology harnesses the power of air and light to work harder and clean the water longer. It's an advanced oxidation process that destroys contaminants and waterborne pathogens.

Hot tub water is injected with a low-dose of ozone and mixed thoroughly. Ozonated water is then exposed to a UV-C bulb to energize the molecules. When ozonated water is treated by the UV-C rays, active oxygen is unlocked through a natural reaction called advanced oxidation.

Super-powered active oxygen destroys contaminants and waterborne pathogens to cleanse the water. The clean, clear water is then pumped back into the hot tub where it continues to clean and polish the water, breaking down the contaminants so it can be easily be removed through the filters.

5-STAGE FILTRATION PROCESS* 

STAGES 1&2

The surface skimming weir and ProCatch™ bag work together to clean the surface while trapping large debris for easy removal.

STAGE 3

The ProClarity® filter on the ProStream™ circulation pump helps ensure clean, sparkling water quickly by catching tiny debris and particles that other filters miss.

STAGE 4

The ProStream™ circulation pumps pulls the water through a ProClear® filter that works to clarify water even when the jets are not running.

STAGE 5

The ProClear® filter operates with your hot tub's hydromassage pump to remove large and small particles providing the cleanest water.

*Stages of filtration vary by collection.

MODEL SELECTION

I. SELECT SIZE AND MASSAGE OPTIONS

A common misconception about hot tub size is that you're limited to models with less seating options when yard space is limited. The good news is that a hot tub with more massage combinations requires only a slightly larger footprint; sometimes a matter of only a few inches.

2. CHOOSE LOUNGE VS. OPEN SEATING

LOUNGE

A lounge seat offers a full-body massage option and a more secluded spa experience.

OPEN SEATING

An open seating model offers more massage options and makes communicating with others in the hot tub easier.

3. FIND THE COLLECTION THAT'S RIGHT FOR YOU
