

# DEN SMARTSTRIKE™

All the security and convenience of a smart door lock with the freedom of keeping your existing door hardware design.

## *Beauty + Brains*

Your customers can now keep their beautiful door hardware, with the benefits of a smart lock.

## *Rock-Solid Industrial Design*

Expertly milled with only four simple moving parts.

## *Easy Inventory Management*

The invisible nature eliminates the need to stock colors and hardware styles.

## *Smart Home Connectivity*

With BLE and Z-Wave® 800 series compatibility, it "talks" to thousands of other smart devices from hundreds of brands.

## *User-Friendly App*

Remotely grant access to others at specific times with unique access codes. Get peace of mind with real-time notifications and complete access history.
