VIKING ENDURO HEADLIGHT TOP BAG INSTRUCTION

Installation

Step 1

Place the bag on top of the head light so it does not cover the head light (See Fig. A).

Fig (A)

Step 2

Route each of the two top straps around the handlebar and fasten the loop. Pull the strap ends to tighten the straps securely.

Step 3

Route the bottom straps around the lower triple clamp as shown in Fig. C and then fasten the straps. Pull strap ends to tighten.

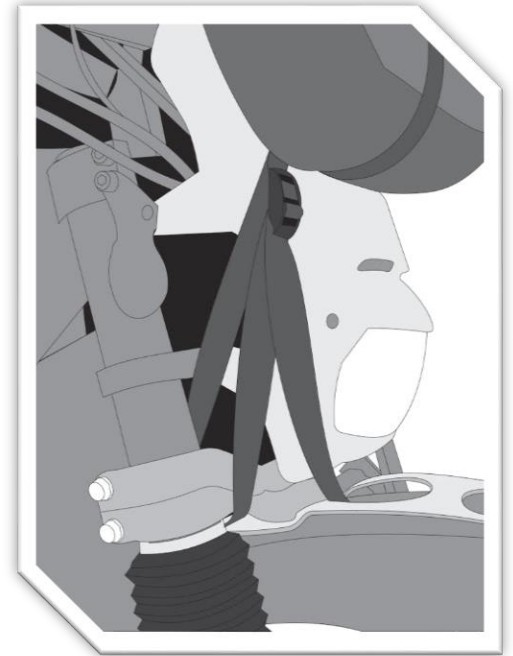

Fig (C)

📄 Note

Map pocket may be mounted horizontally or vertically as shown in the following images.

⚠ Warnings

- ✓ Do not ride without properly installing the bag first.
- ✓ Tuck away any extra straps hanging loose.
- ✓ No part of the bag should interfere with any mechanical part of the bike such as brakes, gears or wheel.
- ✓ Before riding, always ensure that all straps are tight and all luggage accessories are properly mounted.
