## VIKING SOFTAIL SOLO BAG MOUNTING INSTRUCTION

### Parts

Solo Mounting Bracket  
Socket Head Bolts x 2  
Connecting Clamp x 3  
Clamp Bolt (with a Nut and a Washer) x 3

### Tools Needed

3/8 drive metric socket set  
A flat-blade or Philips screw driver  
Adjustable wrench  
Hammer

### Instructions

#### Step 1

Push the bracket into the clamp slots one by one such that the 3 connecting clamps attach to the three sides of the bracket. Make sure that the flat side of the clamp is at the outer edge of the bracket. Fig (A) You may need to lightly hammer the clamps to push the bracket into the clamp slots.

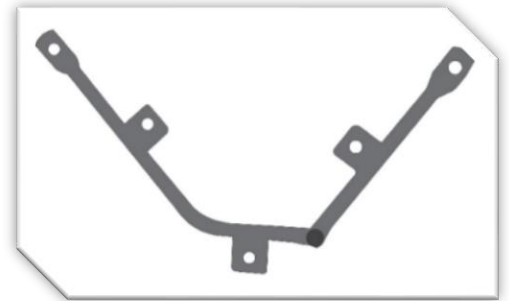

Fig (A)

#### Step 2

Remove the front fender bolt and bolt the bracket using the front fender bolt and the hole in the mounting hook as shown in the following Fig (C)

Fig (B)

## **Step 3**

Hold the bag against the bracket to figure out the position where you would like to mount your Saddlebags. Once in position, mark the position of the clamp holes on the back of the bag and drill at the marked points.

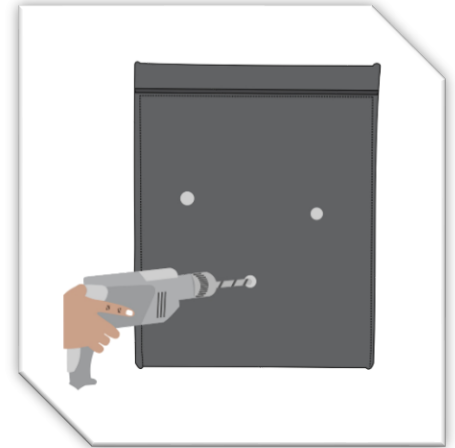

Fig (C)

## **Step 4**

Holding the bag against the bracket with holes aligned, one by one push the clamp bolts from inside the bag through the back of the bag and then through the clamp hole. Tighten the clamp bolts securely using the provided nuts and washers.

Fig (D)

## **Note**

The bag shown is for instructional purposes only. The scope of the bracket is not limited to the above shown bag and the bracket may be supplied to be used with certain other bags for certain other bike models.

## Warnings

- ✓ Avoid usage of any mounting part that is impaired or is not working properly.
- ✓ If you are not sure about the installation of the saddlebags, do not use them.
- ✓ Sporadically check for shifting of the bag and verify that no part of the mounting system is interfering with any part of the motorcycle while riding. This includes the drive train, suspension, brakes or wheels.
- ✓ It is important to note that if you do not mount these bags properly damage may be caused to the bag(s) and/or motorcycle.
- ✓ If bags are securely installed, no part of the mounting system or bags should touch the motorcycle while in operation.
- ✓ In case you are unsure about your ability to mount the bag securely, please seek assistance from a qualified mechanic.
