Parts Diagram:

Step 1

Remove the bolts from the shock strut and motorcycle frame as shown in Fig 2.

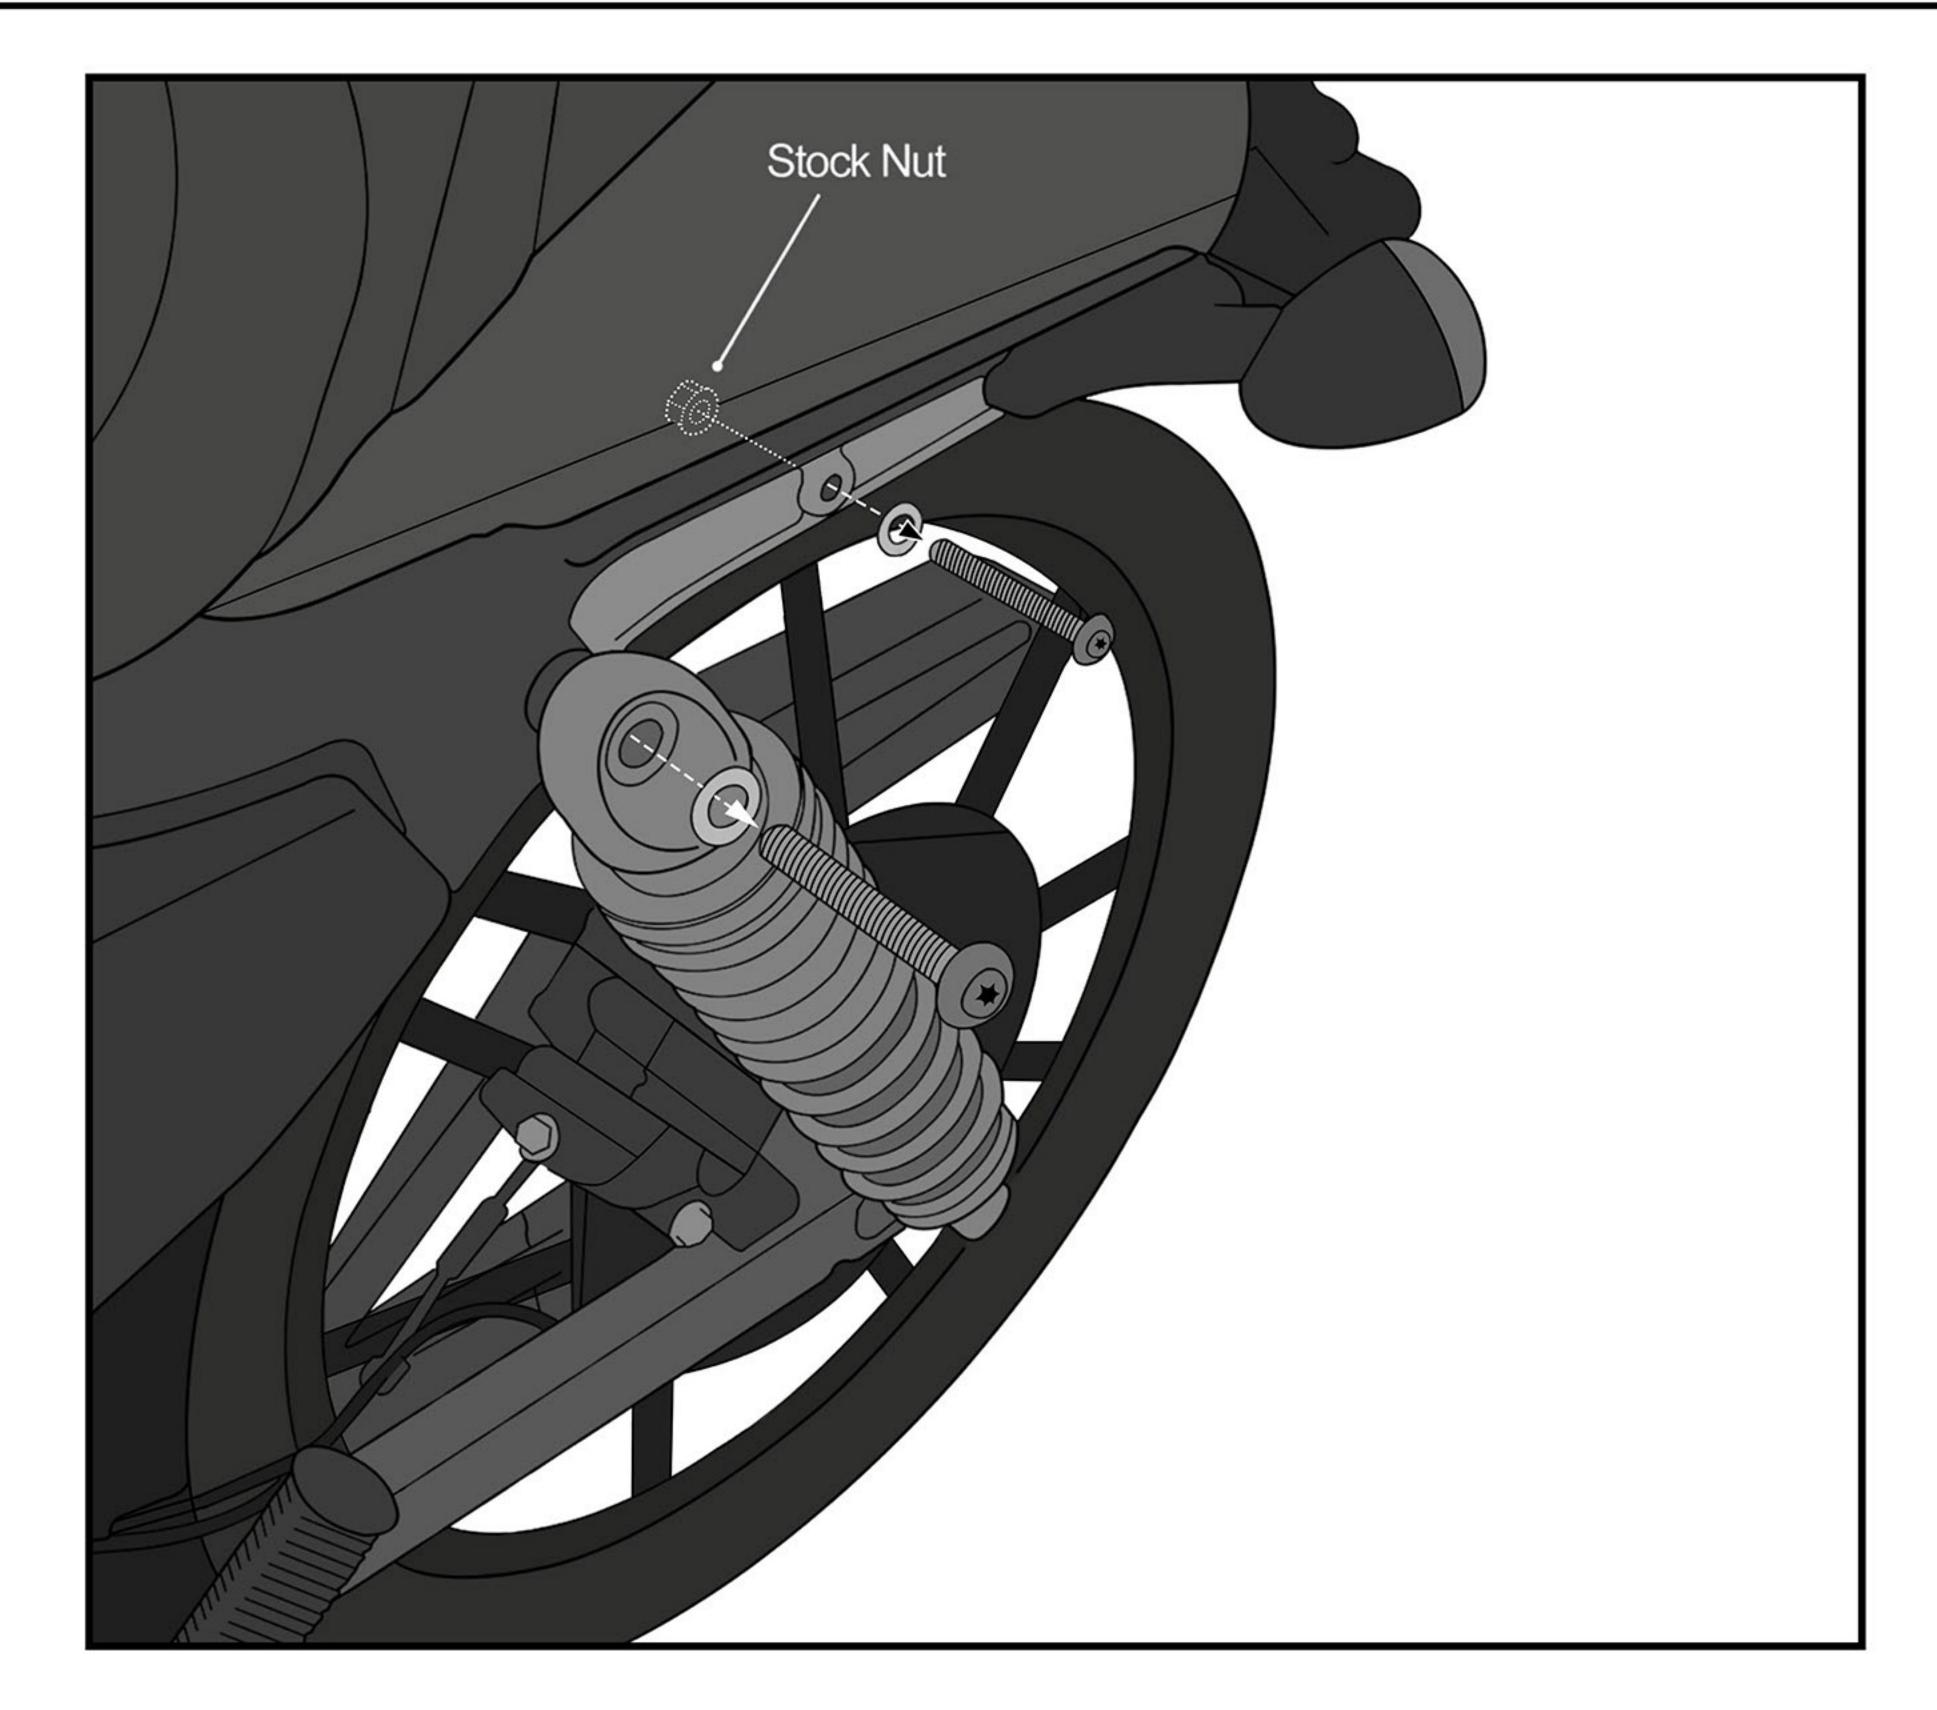

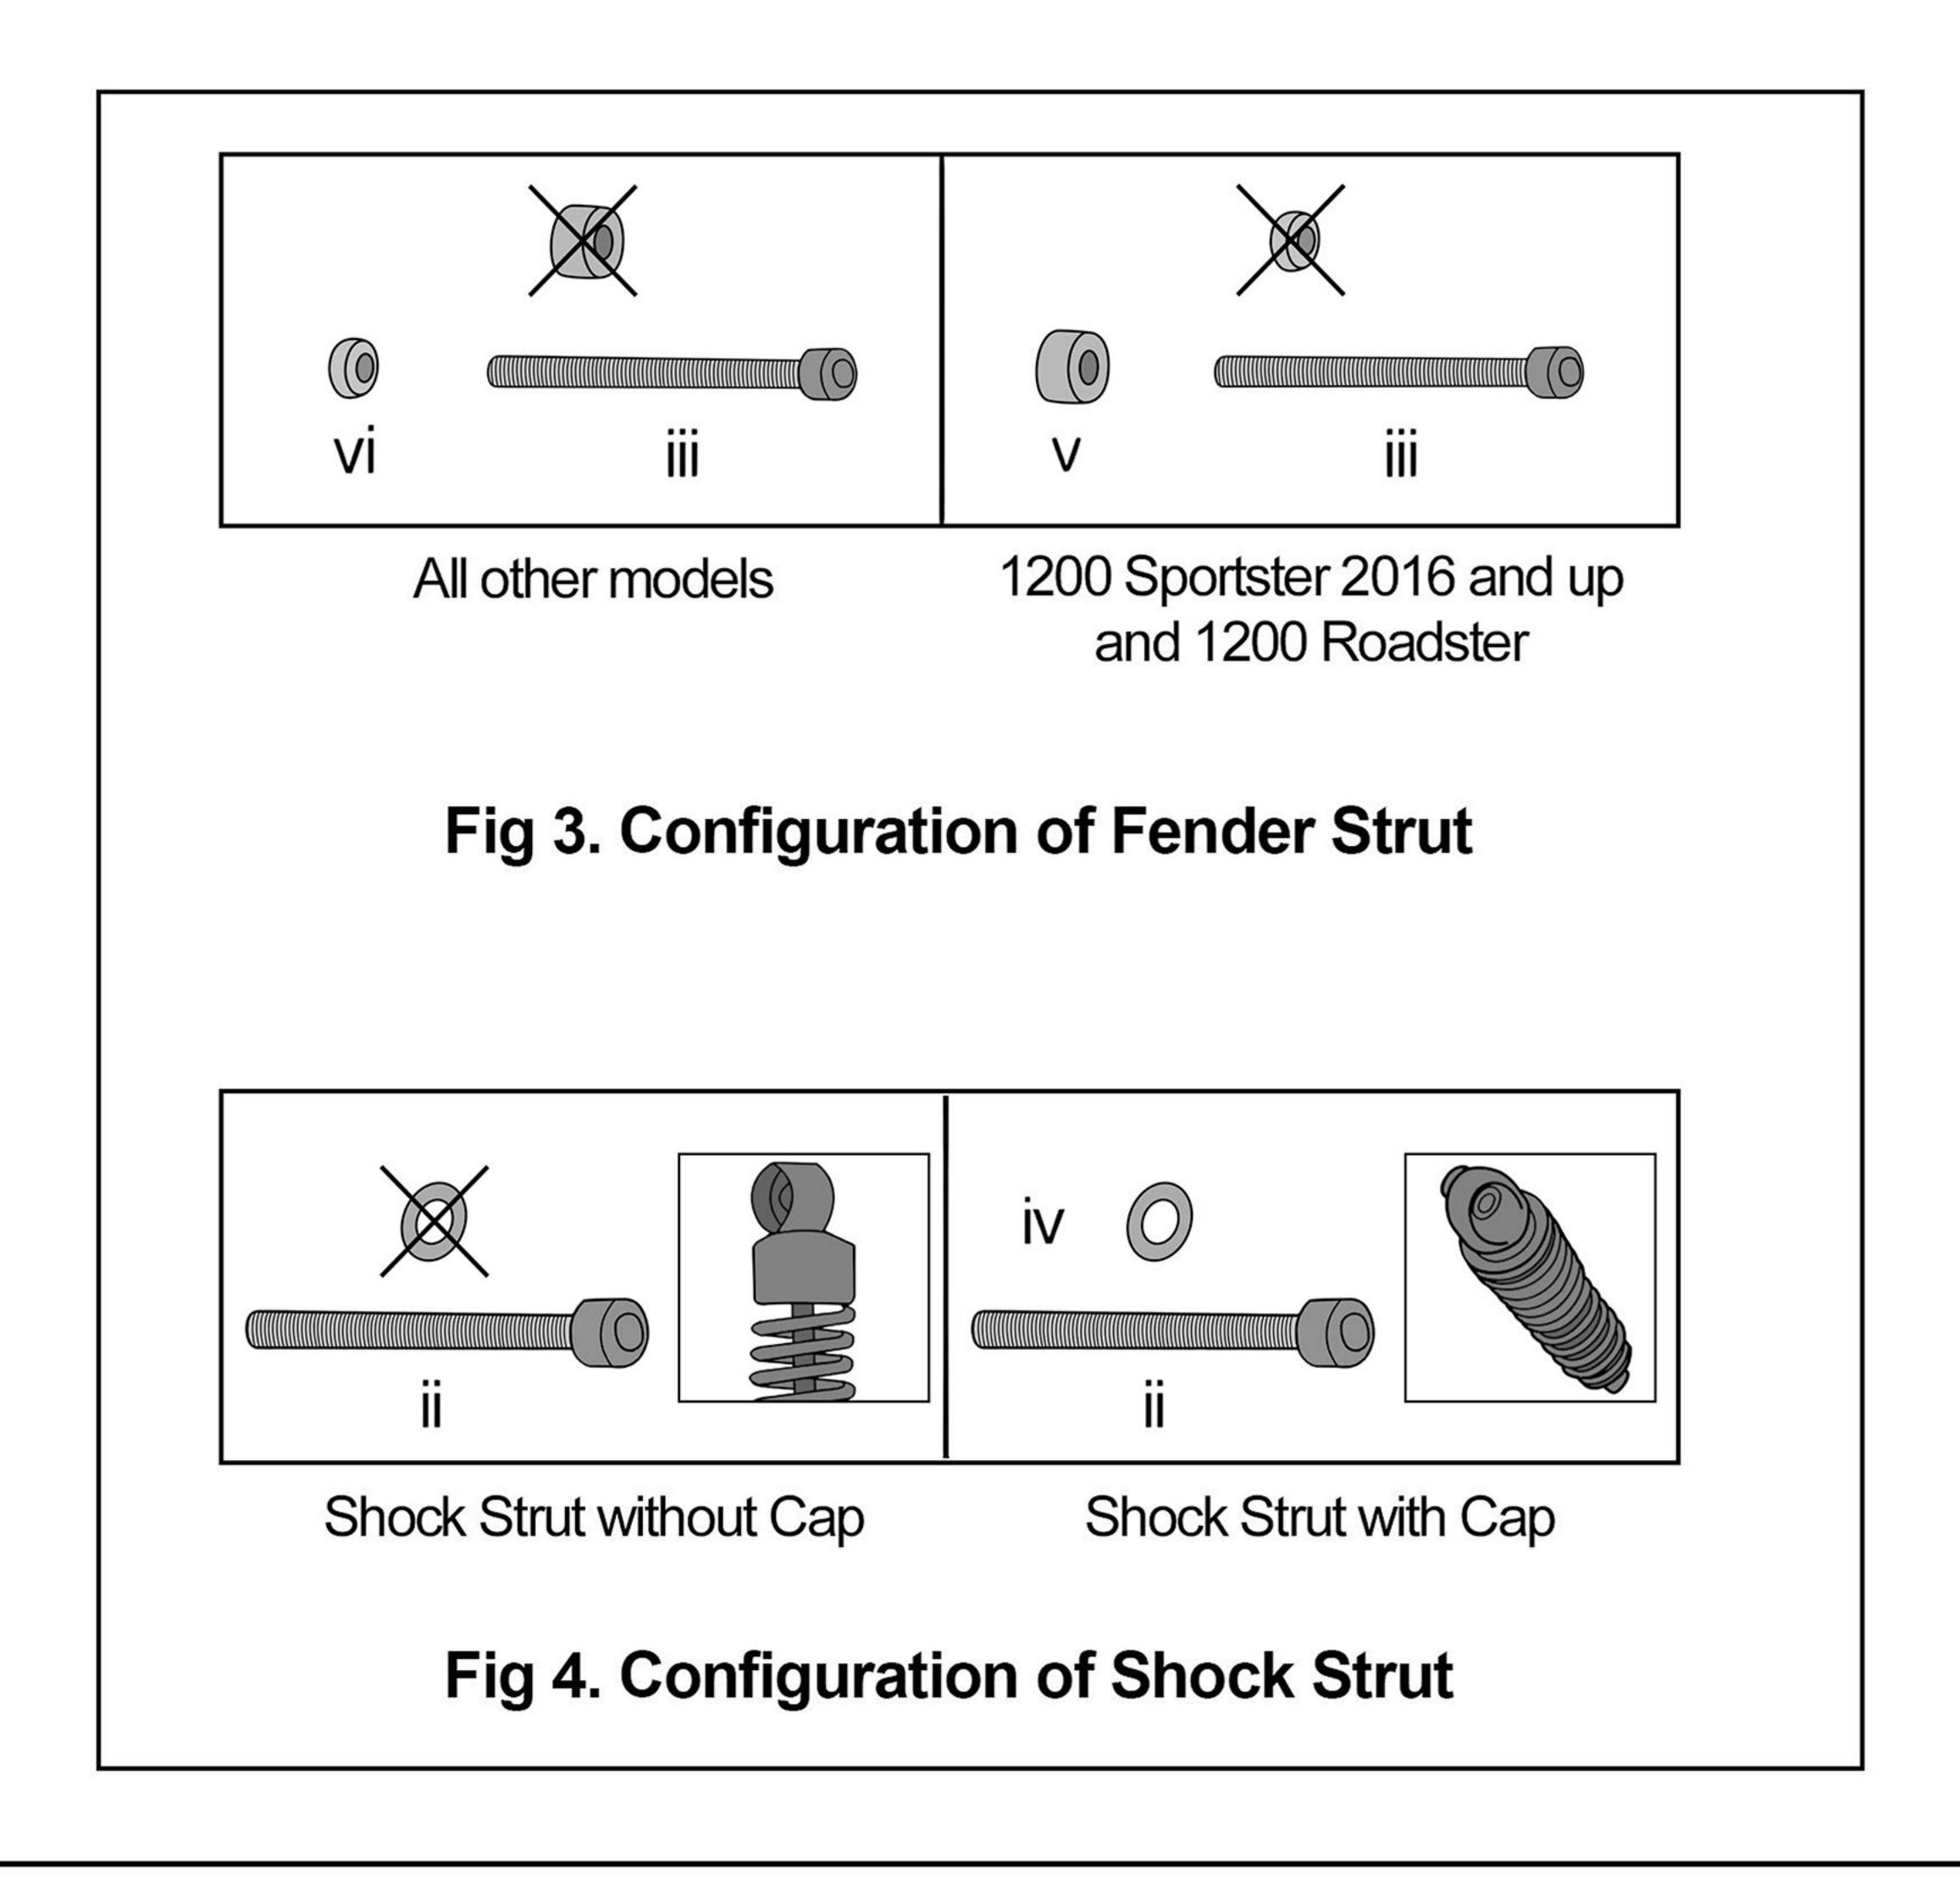

Fig2. Removing the bolts

Note:

i. Use the correct configuration of mounting hardware for your motorcycle model as shown in Fig 3. and Fig 4. before step 2

Step 2

Attach the mounting bracket (i) to the motorcycle frame as shown in Fig 5 and use the stock nut. Make sure to tighten the bolts using the manufacturer's recommended torque.

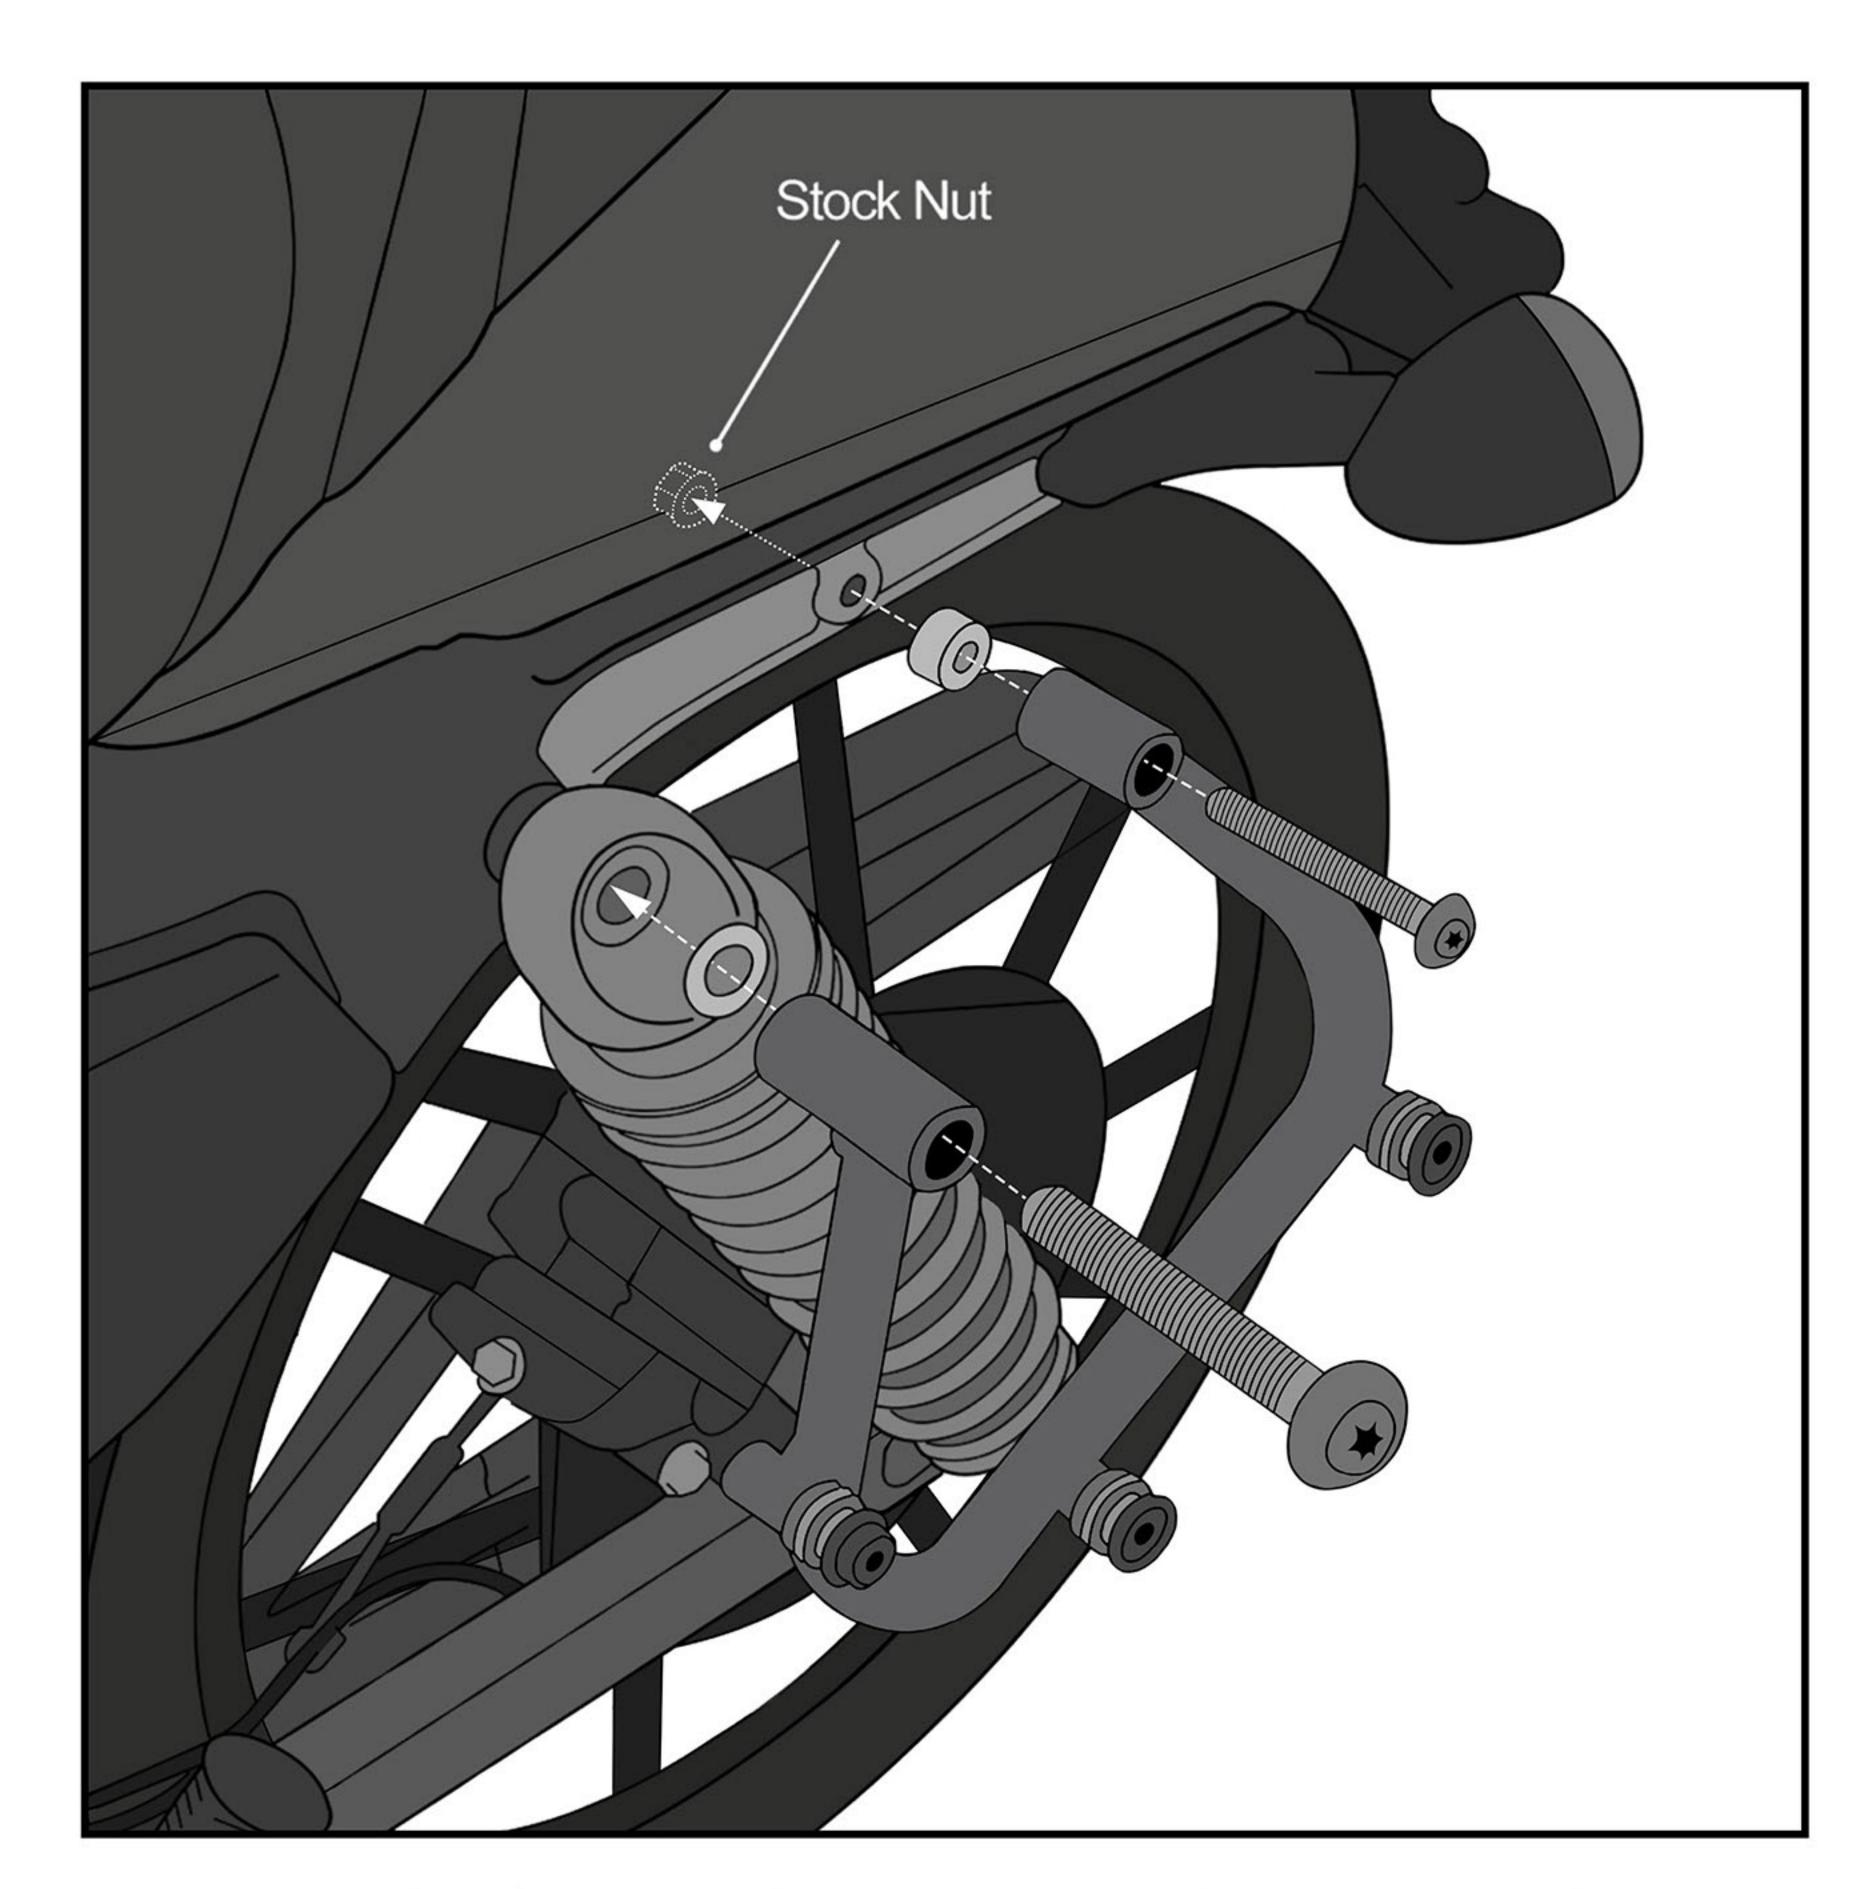

Fig 5. Installing the mounting bracket

Step 3:

Use the pre-installed adapter plate in the back of the Viking Detachable Bag to mount it on the bracket as shown in Fig 6. Press the Bag onto the mounting pegs until it properly rests on the mounting bracket.

In order to release the bag, press the lever or pull the quick-release cord.
