Upfront Garden

Nice One

The Dirt Company is big on highly-functional, sustainable household products. Hence these 316 Marine-grade stainless steel pegs, housed in a bag made from 100 per cent post-consumer recycled plastic that can hang on the line open or closed. Neat, huh?

thedirtcompany.com.au

Lots of Spots

Capra Designs' "Banjo Terrazzo Pots" are handmade, so no two pieces are identical. However, they all have an inbuilt tray for proper drainage and a funky speckled finish recalling a vintage vibe.

capradesigns.com

Symbol

This terracotta cactus is handmade by Australian ceramics studio, Ruby & Frank for Pampa. Prickles not included.
