Printing instructions

- You should have a black box around each page that is 7"x10". If you do not, your pattern did not print correctly and you need to double check that your settings are correct.
- Make sure that you do not scale the pattern pieces. Either "Actual Size" or "Custom Scale: 100%" should be selected.
- The orientation of the pattern is LANDSCAPE. Make sure your orientation is set to either auto or landscape.
- Also make sure that "choose paper source by PDF page size" is NOT selected.
