SECTION 4: FIRST AID MEASURES

General Advice	Show this safety data sheet to the doctor in attendance.
Eye Contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists. Do not touch eyes.
Skin Contact	Rinse immediately with soap and plenty of water for at least 15 minutes while removing all contaminated clothes and shoes. In the case of skin irritation or allergic reactions see a physician.
Inhalation	Consult a physician if any symptoms develop.

Ingestion	Consult a poison control center or a physician immediately. Never give anything by mouth to an unconscious person. Do NOT induce vomiting.
Symptoms	Skin irritation, red, inflamed, bumpy as well as dry, itchy or painful burning sensation on skin. Eye pain, redness, photophobia (intolerance of light) or blurry vision. Wheezing, tearing of the eyes, blurred vision, and tightness in the chest.
Protection of First-Aiders	Avoid contact with skin, eyes or clothing. Use personal protective equipment. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Harmful if inhaled. May damage fertility or the unborn child
Notes to Physician	May cause sensitization in susceptible persons. Treat symptomatically

SECTION 5: FIRE-FIGHTING MEASURES

Suitable Extinguishing Media	Dry chemical, carbon dioxide (CO ₂), Class B foam
Unsuitable extinguishing media	Avoid use of water in extinguishing fires.
Specific Hazards Arising from the Chemical	During fire, gases hazardous to health may be formed. Do not allow run-off from fire-fighting to enter drains or water. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Harmful if inhaled. May damage fertility or the unborn child
Protective Equipment and Precautions for Firefighters	Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Move containers from fire area if it can be done safely.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions	Use personal protective equipment. Remove all sources of ignition. Evacuate personnel to safe areas. Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Take precautionary measures against static discharges
Environmental Precautions	Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains. Dispose of in accordance with local regulations. Local authorities should be advised if significant spillage cannot be contained.
Methods for Containment	Prevent further leakage or spillage if safe to do so.
Methods for Cleaning up	Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Keep in suitable and closed containers for disposal. Clean

	contaminated floors and objects thoroughly while observing environmental regulations.
