KEEPING IT LOCAL

From the first sketch, to the final product, every single piece of Sympli clothing is proudly made in Vancouver BC. By keeping our manufacturing close to home, we are able to oversee each step of the production process and assure the working conditions of everyone involved.

Every individual is integral to our success, which is why approximately 85% of our garments are sewn by our Home Sewing Network. As a community of entrepreneurs, our sewing network sets their own schedule in order to preserve the flexibility to care for their families.

By staying local, we support our community and together, we make Sympli.
