COMPANY PROFILE

Canon is an independent family-owned company established in 1972. We here at Canon are committed to excellence with our owners, employees, customers, suppliers, the environment and society. Canon's durability has made us a leading brand name in Gas appliances all over Pakistan, our trusted performance and wide-ranging variety has been awarded by our customers, who have been welcoming Canon products into their homes for the past 50 years. Our constant innovation has reached its third generation of entrepreneurs with a network spread all over Pakistan with 1000+ dealers, and over 5 million satisfied customers. Our manufacturing, engineering, and sales network nearly covers every part of Pakistan. Our trusted customers and our innovative strength is the basis of our continuous growth.

FOUNDERS PHILOSOPHY/PURPOSE STATEMENT/VISION

We as "Canon" is Sustainable Organization & Brand" Proudly recognized as "Pioneer" and "Quality Leader" in the play Field, "Where ever we are"!

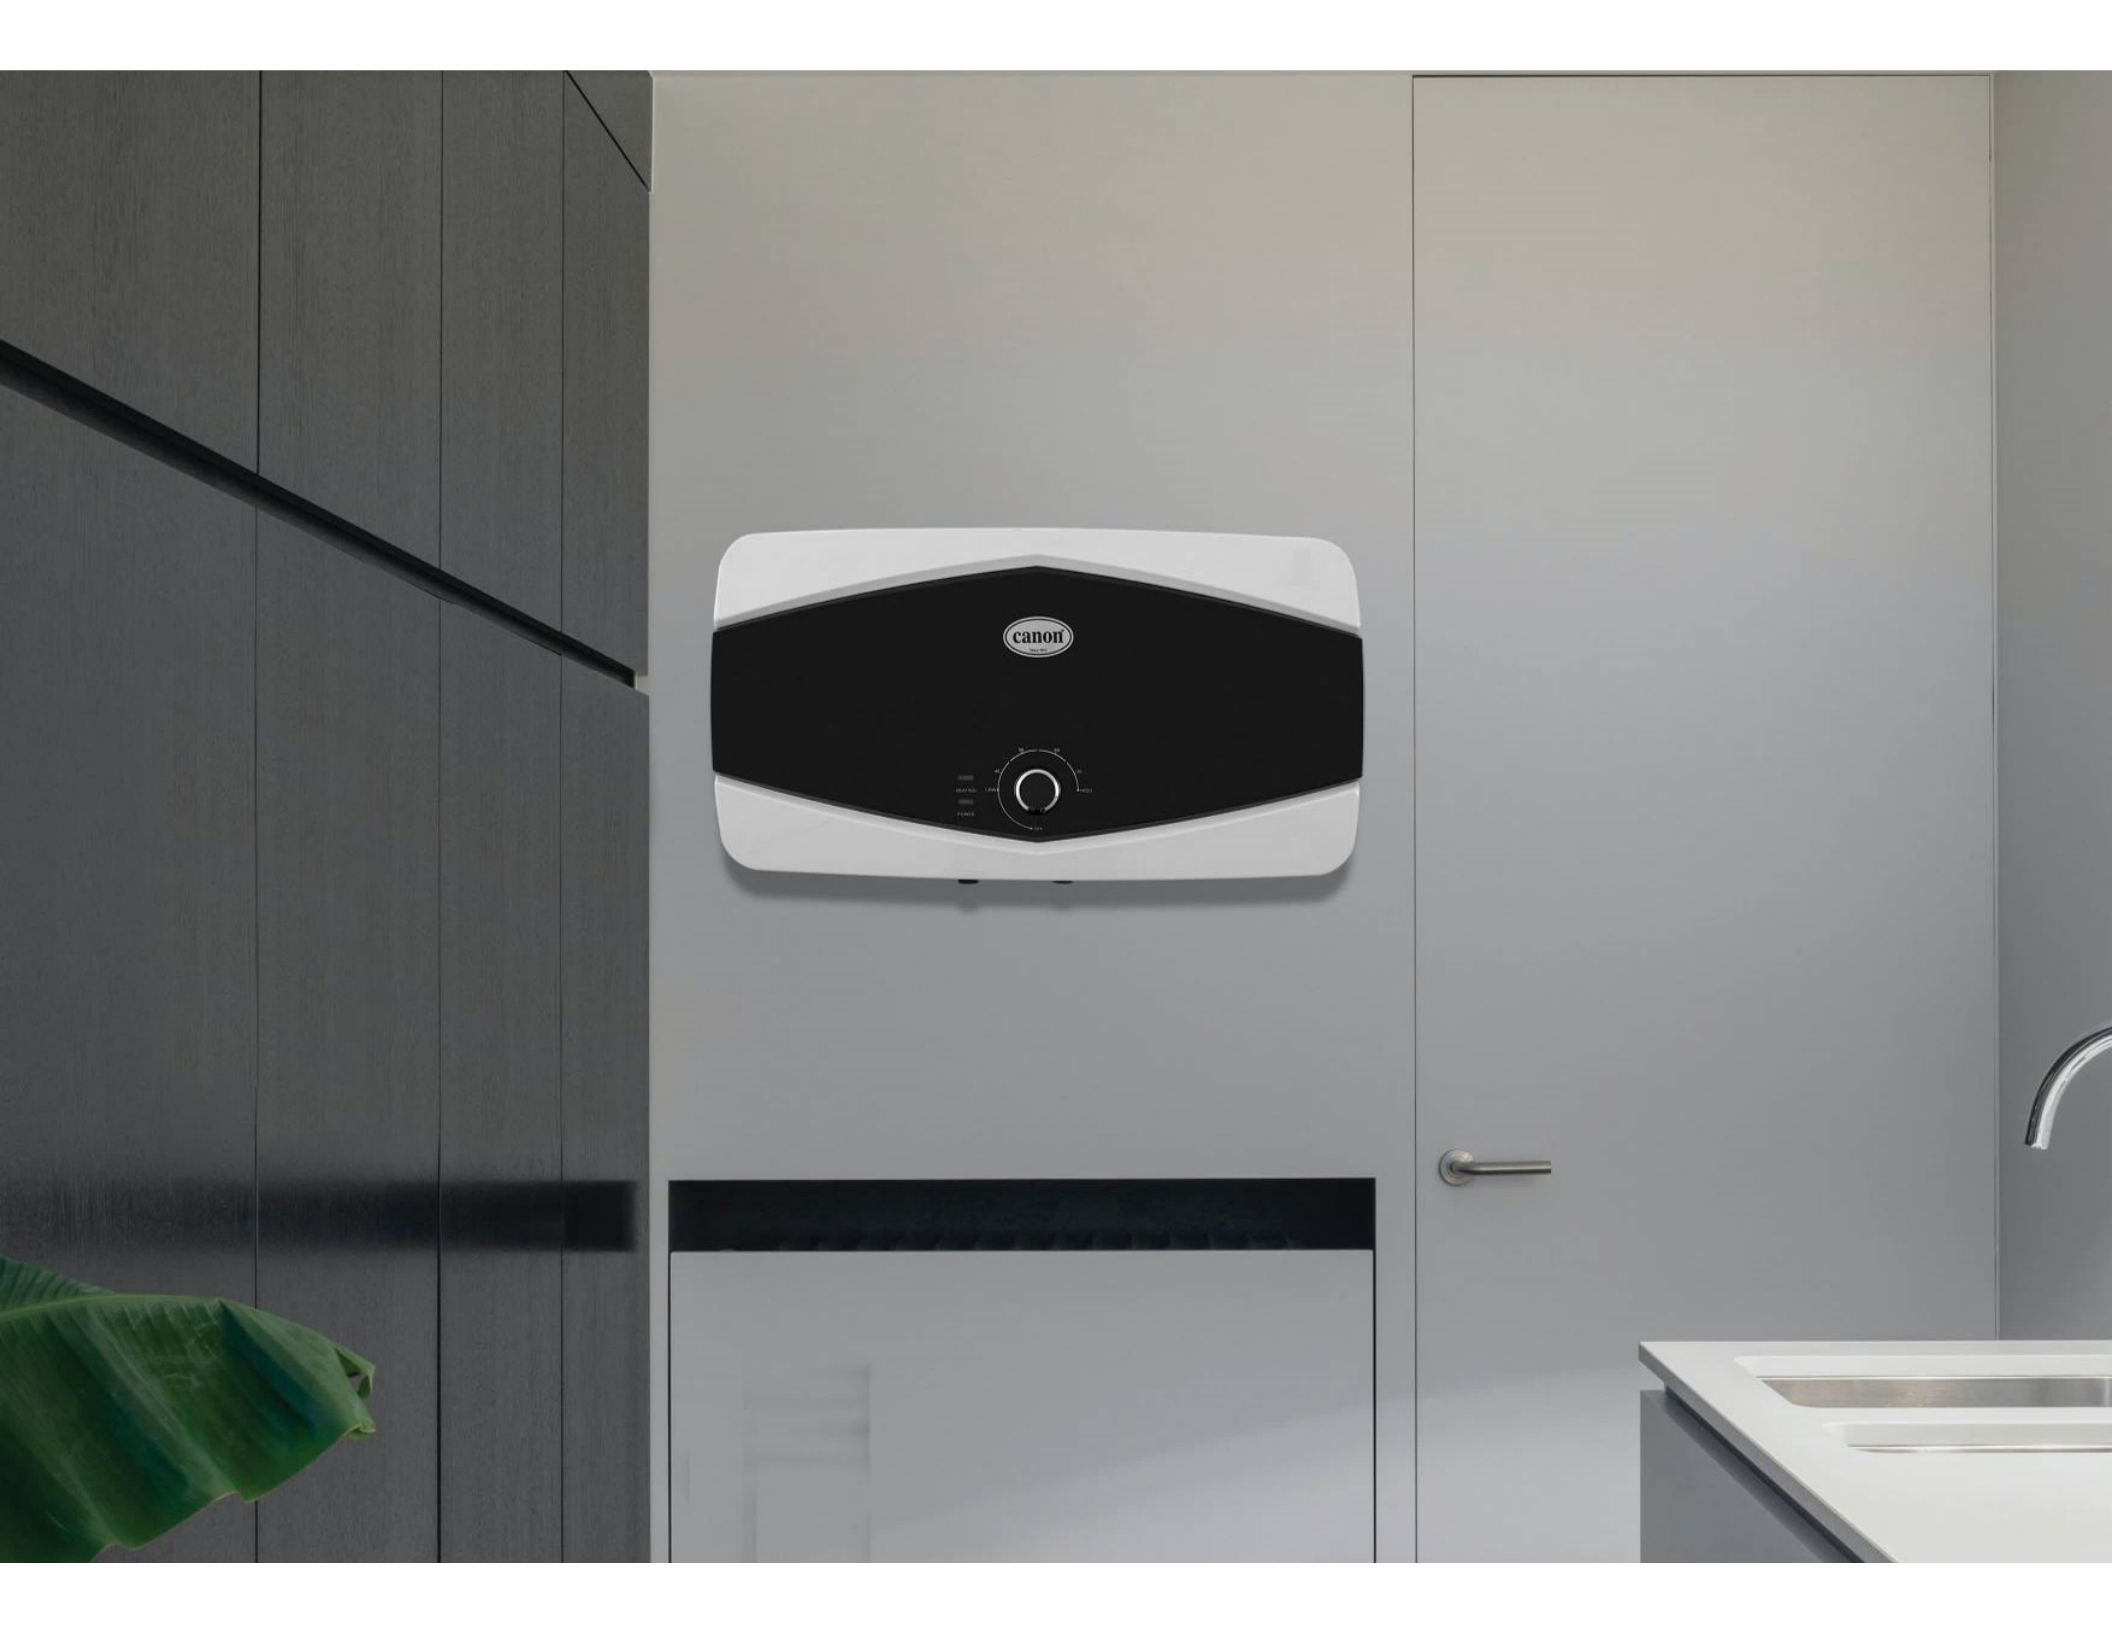

Core Values

- Integrity
- Quality
- Innovation
- Customer Satisfaction
- Serve to lead

CANON

• Inspire • Innovate • Comfort • Reliable • Care

Inspire

We believe in inspiring the people through our ground rules and always think one step ahead of our competition by making reliable and beautifully crafted products.

Innovate

We question everything we do to constantly innovate and improve, we aim to satisfy our customers by keeping a keen eye on the future of home appliances.

Comfort

Our ability to develop innovations that are improving lifestyle with our contemporary designs and our efficient after sales service is determined to bring comfort to your lives.

Reliable

We believe in helping our loved ones and that's how we show our customers that we care about them. We are reliable in creating sustainable products and being there for our customers.

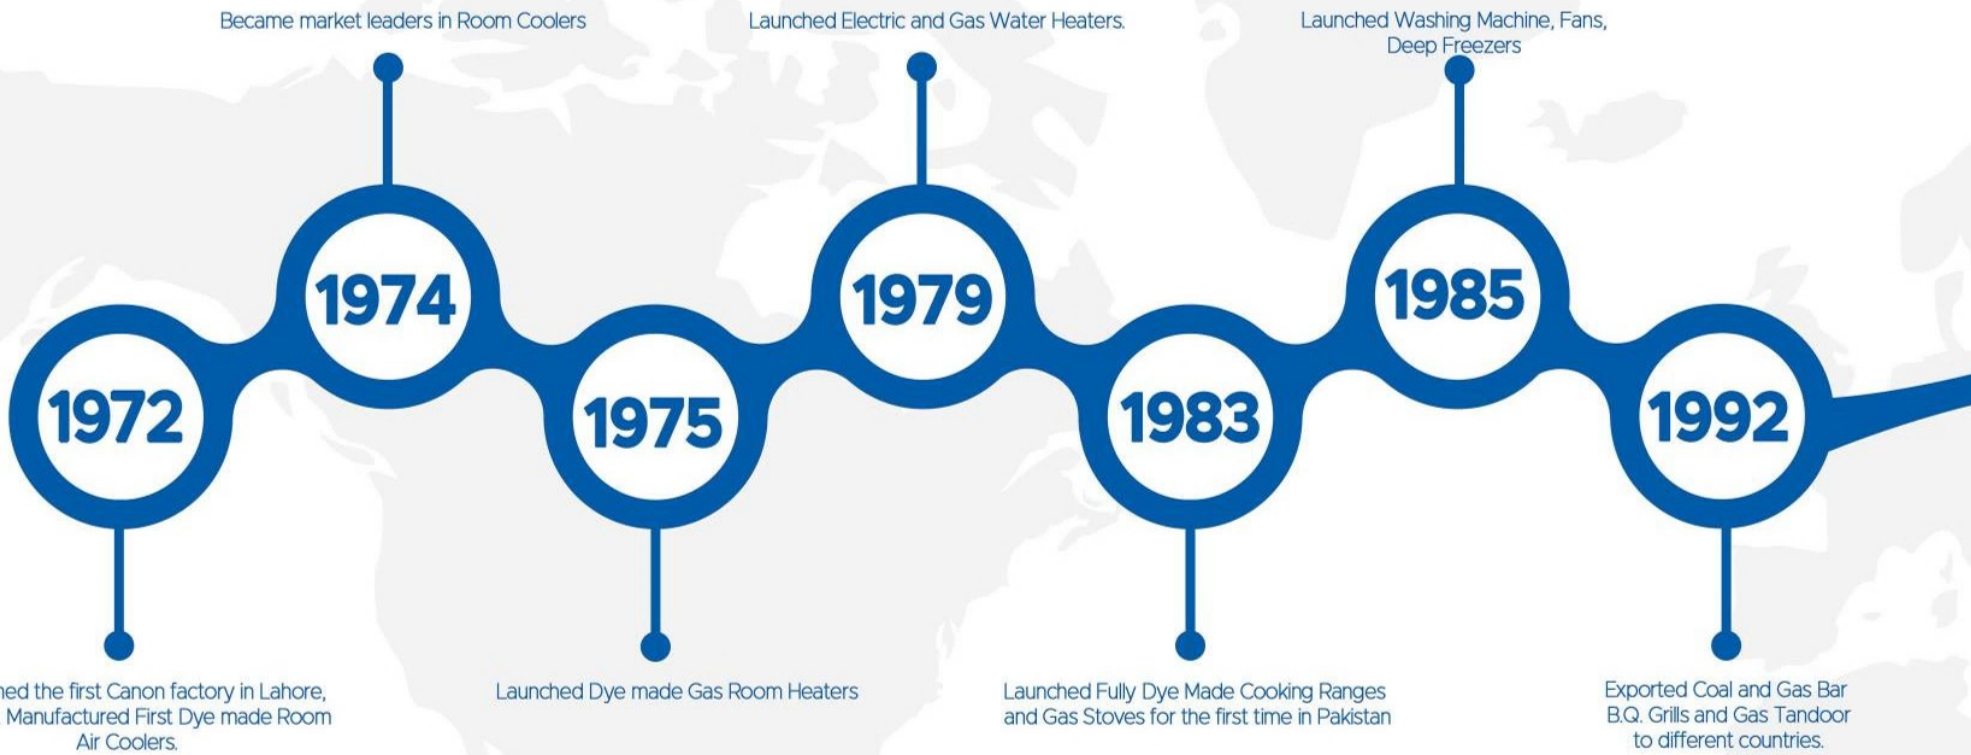

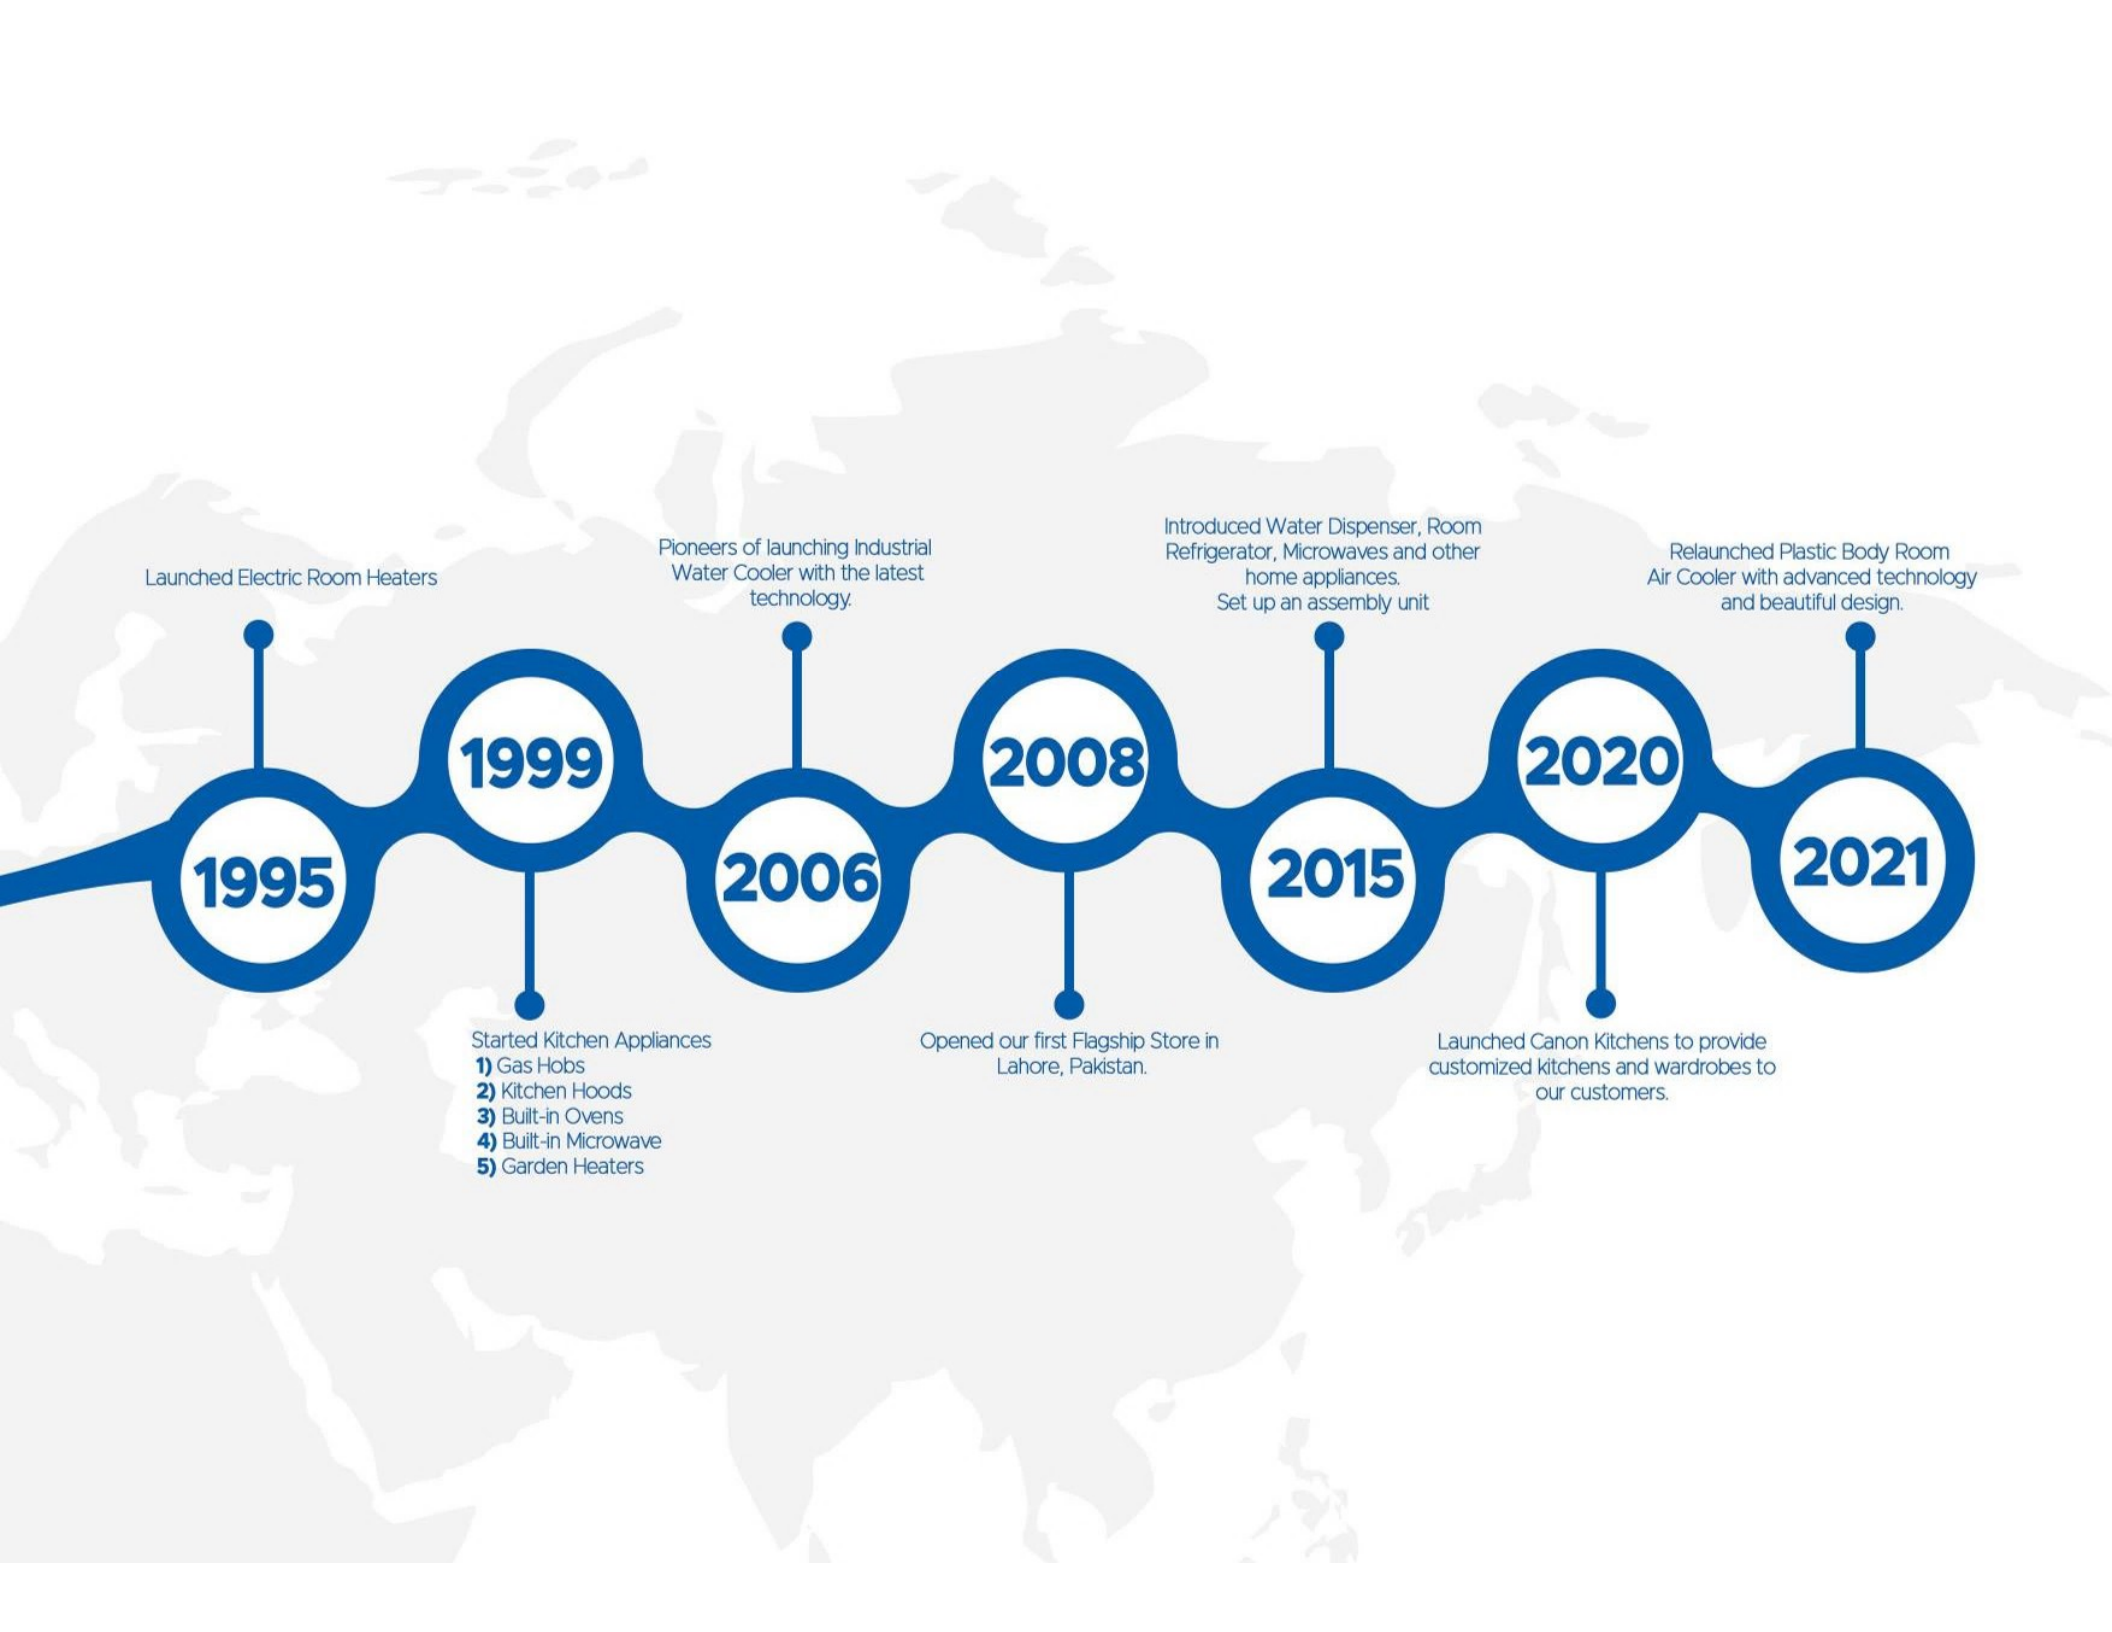

Care

We not only care about the people associated to our brand but we also wholeheartedly believe in uplifting the society as a whole, our constant efforts to provide people with safe and healthy environment can be seen, as we have worked with different welfare institutes to facilitate the deserved ones.

Launched Electric Room Heaters

1995

1999

Started Kitchen Appliances
1) Gas Hobs
2) Kitchen Hoods

FUTURE OF CANON

We at Canon aim to deliver perfectly curated products all while maintaining the highest of quality. We discover a need and perfect its solution because we believe in delivering excellence. Canon has taken an initiative to create more space for their employees by setting up a larger factory where they assemble each part on wooden templates and thoroughly test all the products to guarantee the quality that we have promised our customers. We are planning to expand our 15 shops network to a 50 shops network spread across Pakistan. As Canon moves towards new innovations Canon Home Appliances will be launching Ceiling Fans, Air Conditioners and different other home appliances maintaining our top-class quality standards.
