INFORMATION

SUBLIMATION

Sublimation is the process of dying a design into the material to create something truly unique. Long lasting and durable, this method allows for complete customisation. Where you see this icon, the product is fully customisable.

MINIMUM ORDER QUANTITIES

All of our products have a minimum order quantity (MOQ). The MOQ varies from product to product, however these are both practical and realistic for our customers. Please see the individual product page for more information.

FABRICS

We use a range of technical fabrics across our product range. These materials have been chosen specifically for their durability and on the requirements of the particular product.

LEAD TIMES

Our standard lead times are 5 weeks. In exceptional circumstances we may be able to reduce this; get in contact if you are in need of products within 5 weeks.
