

## Contribution to Climate Protection

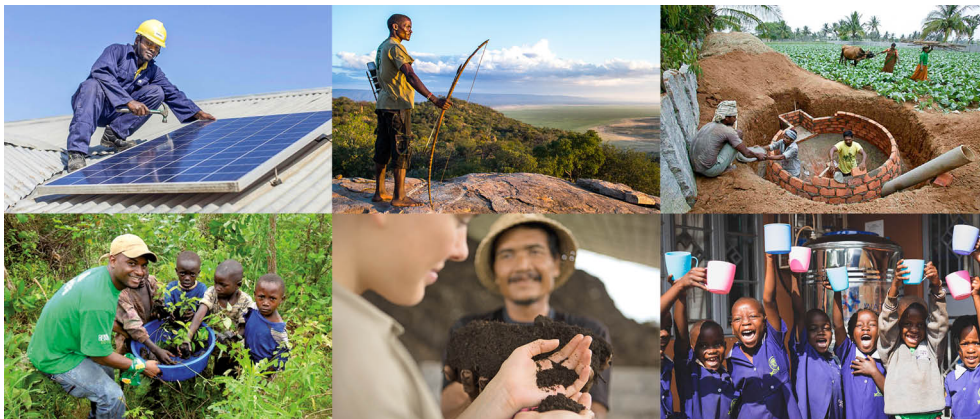

29.04.2024

ALUNIR GMBH

Calculated quantity of 14.0 t CO<sub>2</sub>  
with a value of CHF 350.00

Contribution of CHF 9.00

**This contribution to climate protection is having a real impact!**

Based on the calculated emissions, myclimate climate protection projects in Africa, Asia and Latin America are supported. The projects meet the highest standards Gold Standard, Plan Vivo and VCS (incl. CBB and/or SD-VISta) and contribute to the UN's SDGs. myclimate projects not only reduce greenhouse gas emissions but also contribute to the social, ecological and economic development in the region.
