

MISSION-02

**The brilliance is
all for you.**

“In the right light, at the right time, everything is extraordinary.”

-AARON ROSE

98

CRI

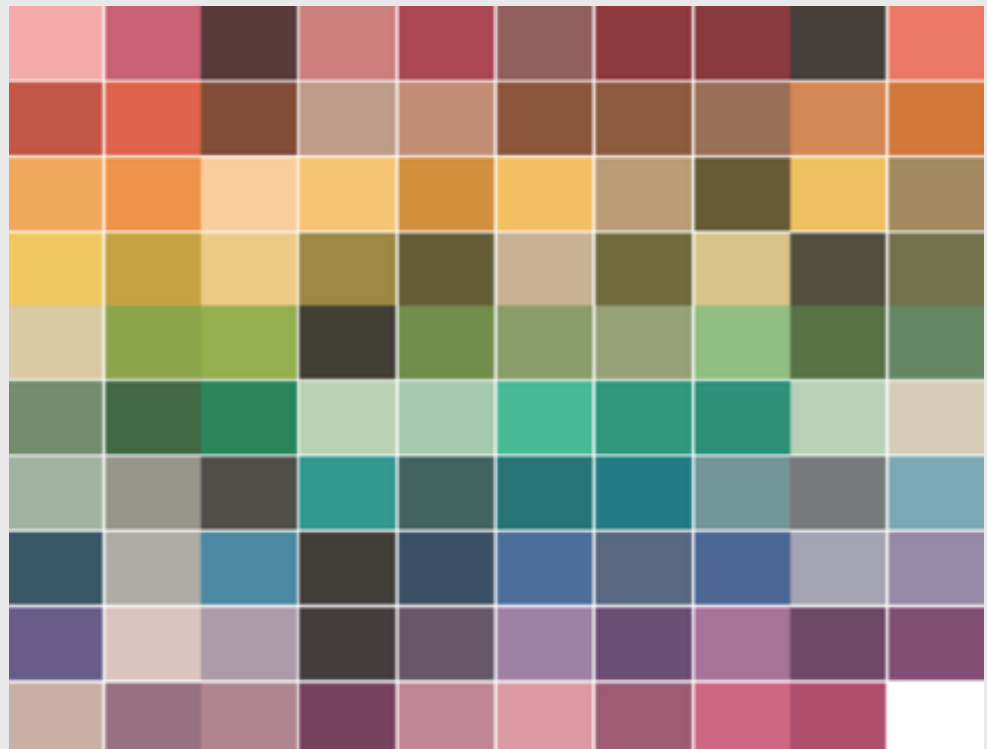

CRI score of 98 indicates that a light source will make objects appear how they would look under natural lighting conditions, and MISSION-02 does exactly that. Simply.

95

TM-30

TM-30 score of 95. TM-30 specifies a much larger set of color samples than either the CRI or CQS test methods. 99 Color Evaluation Samples (CES) have been selected, with spectral properties representative of real objects such as paints, textiles, skin tones and inks.

BRING TRUE COLORS TO LIFE

YUJI ZERO-GLARE TECHNOLOGY

NEWER

SAFER

BETTER

MISSION-02 features the cutting-edge Yuji Zero-Glare Technology, designed to minimize glare and reduce eye strain. This innovative solution creates a comfortable workspace, free of harsh or overly bright lighting, ensuring an enjoyable and productive lighting experience for all users.

Discover the difference with the MISSION-02 and elevate your work environment to new heights of comfort and efficiency.

ZERO

GLARE

*Compliant to the International Standard EN12464

NATURAL LIGHT

COLOR

MISSION-02 emits a natural light color that closely resembles the refreshing ambience of morning light. With a correlated color temperature (CCT) of 4000K, this lamp seamlessly blends into any environment, enhancing the space with its beautifully balanced, dawn-like illumination.

NO DARK ZONES

& EVENLY

MISSION-02 ensures superior illumination for your workspace thanks to its impressive 6000 lumen output. With this powerful lighting solution, you can bid farewell to dark zones and enjoy an evenly lit, enhanced work environment that promotes productivity and accuracy.

ZERO

SHADOWS

While LED lamps often emit intense light and create harsh shadows that can negatively impact your work, MISSION-02 has been designed with innovative shadowless technology to significantly reduce these effects. This eye-friendly solution fosters greater comfort and reduced stress, allowing you to work with ease and optimal focus.

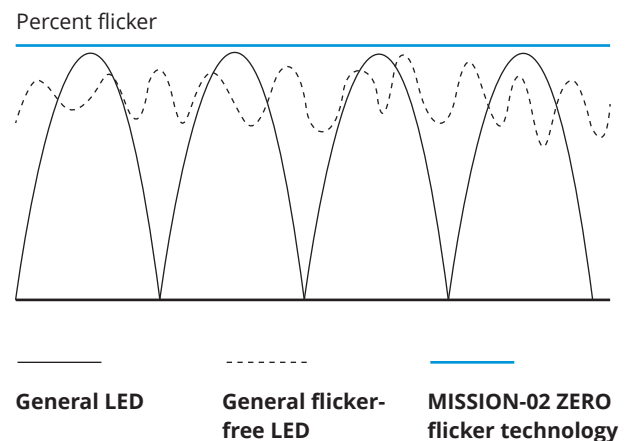

ZERO

FLICKER

MISSION-02's Zero Flicker feature, designed to ensure the smoothest lighting experience possible.

Say goodbye to irritating flickering once and for all, as the MISSION-02 delivers consistently steady illumination without any fluctuations. Discover a flicker-free workspace with the advanced MISSION-02, designed for your utmost comfort and productivity.

*Compliant to the IEEE 1789 standard for LED luminaires

STEPLESS DIMMING

With MISSION-02, enjoy the flexibility of stepless dimming to perfectly tailor the lighting to your needs. Its intuitive dimmable feature allows you to easily adjust the illumination, enabling seamless transitions between light intensities for an effortlessly personalized lighting experience.

ONE CORE

TWO

DIRECTIONS LIGHT

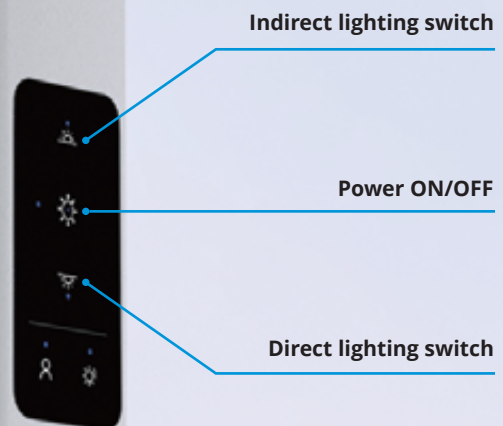

Inadequate lighting in many modern office workplaces hinders the true potential of workers. But with MISSION-02, featuring highly efficient Yuji LEDs, a transformation is possible. The lamp offers a choice between direct task-lighting for improved focus on your work, and indirect ambient-lighting to create a natural and comfortable atmosphere surrounding you.

ONE TOUCH

CONTROL PANEL

MISSION-02 features an ultra-precise touchscreen control panel, engineered to provide unparalleled accuracy with every single touch. This intuitive and responsive interface ensures seamless control, allowing you to effortlessly adjust the lamp settings to your exact requirements.

DUAL-SENSOR

TECHNOLOGY

INNOVATION

CONVENIENCE

COMFORT

Improved user comfort: MISSION-02 responds to both ambient light and user motion, providing optimal lighting for any situation and allowing your hands to be finally free.

Greater energy efficiency: The two sensors work together to intelligently adjust the light levels, saving energy.

Healthy innovation: Analyzing daylight levels indoors and outdoors, MISSION-02 reduces eye discomfort caused by changes in light.

ATTRACTIVE DESIGN

ZERO DISTRACTIONS

The sleek and elegant design of the MIS-SION-02 ensures a visually appealing and inspiring workplace free from distractions. Its versatile aesthetics make it the perfect fit for any environment, from cozy nooks to vast open-plan spaces, adding a touch of beauty and inspiration to your work area.

MISSION-02 features a sleek, ultra-slim, yet solid and heavy base, expertly crafted for exceptional stability and versatility. This innovative design allows the lamp to slide effortlessly under any desk, making the most out of your available space.

MAXIMIZE YOUR SPACE

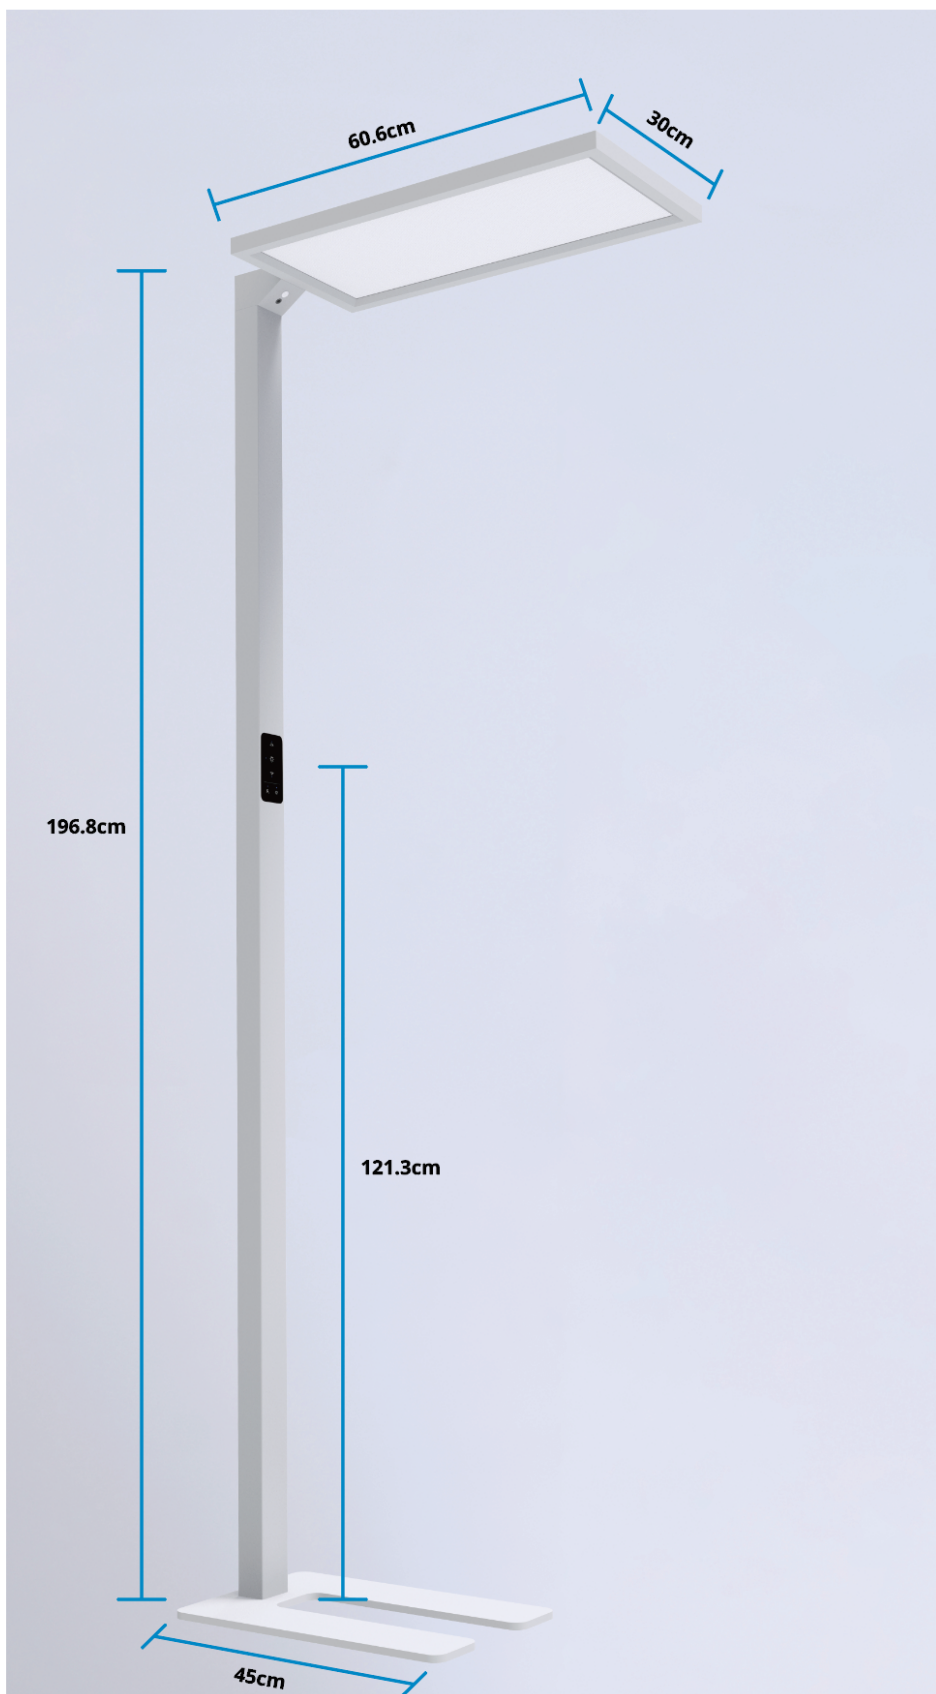

ULTRA-SLIM & STABLE BASE

10-YEAR

QUALITY FIRST. ALWAYS.

MISSION-02 designed and assembled by Yuji, not only features the best LEDs available in the market, but it also features the best electronic and electric components your money can buy. With 36000 hours of rated life guaranteed, nothing is left to chance!
