If you are looking to replace your faulty instrument, please fill out our [request form](#) or call us on 01293 387107.

Terms & Conditions

Prices subject to change without notice

Prices exclude re-cases and LCD screens due to the higher parts costs involved. Call for bespoke price.

Should cost of parts exceed our fixed price we will provide you with a repair quote. Work will only resume once the quote is accepted.

In most cases we can successfully repair your instrument, however, if a repair is not possible or is beyond economical repair, you will only be charged a small £35 investigation fee.
