

4,589 lumens
(without hood)

EZ40

LED WALL PACK

UTILIZES AN MCPCB (METAL CORE PCB), DESIGNED TO HELP DISSIPATE HEAT AT AN
 INCREDIBLY LOW THERMAL RESISTANCE OF 0.22°C PER WATT, ENSURING OVER 50,000
 HOURS OF MAINTENANCE-FREE OPERATION.

With cut-off hood

LED EZ40 Wall Pack

Light output: 4,589lm (3,364lm with cut-off hood)
Wattage: 44 Watts maximum
Efficacy: 106lm / watt (77.8lm / Watt with cut-off hood)
LED chip: Lumileds LUXEON 1208 COB
Thermal resistance: 0.22°C/W
Color temperature: 5'000K (cool white)
Certification: ETL Listed
Voltage: 100 - 277VAC

The LED EZ40 is an all-in-one replacement for wall pack fixtures on building exteriors. Typical wall pack fixtures have an E40 mogul base which traditionally holds a High Intensity Discharge (HID) bulb.

HID is an outdated lighting technology that is notorious for low reliability, poor color quality and rapid lumen depreciation. And typical led E40 replacement bulbs fare no better: Designed without considering the enclosing wall pack fixture, the LEDs and driver fail prematurely due to the trapped heat.

That is why the EZ40 wall pack is retrofitted with an led light source with a wide, heat-dissipating plate instead of an E40 screw base: With this expanded point of contact, the LED EZ40 promises and actually delivers over 50,000 maintenance-free hours of bright, high quality light.

BENEFITS

- Minimum 70 CRI improves surveillance through better recognition
- Strong, focused floodlight increases safety & nighttime visibility
- Designed, assembled, and quality control tested in the USA
- 5 year warranty

FEATURES

- Features new Lumileds LUXEON LED
- Sturdy die-cast aluminum housing and door frame (rated IP65)
- Heatproof silicon gaskets seal against moisture and contaminants
- Anodized aluminum interior creates mirror-like reflection of rear-facing LEDs
- Borosilicate prismatic glass refracts light into uniform, glare-free distribution

Part Numbers (SKUs)

LW30-EZ40-W5000K-hood (w/ hood)
 LW30-EZ40-W5000K (w/o hood)

LED lighting facts
 A Program of the U.S. DOE

| | |
|---|-----------------|
| Light Output (Lumens) | 4589 |
| Watts | 43.2 |
| Lumens per Watt (Efficacy) | 106.23 |
| Color Accuracy Color Rendering Index (CRI) | 70 |
| Light Color Correlated Color Temperature (CCT) | 5000 (Daylight) |
| Warranty** | Yes |

All results, except LED Lumen Maintenance, are according to IESNA LM-79-2008. Approved Method for the Electrical and Photometric Testing of Solid State Lighting. The U.S. Department of Energy (DOE) verifies product test data and results.
