## Strip / Tape / Ribbon

The AMAZON Series LED Strip Light is a **high quality lighting solution** that offers **industry-leading efficiency, reliability, and versatility.**

Each strip features the **latest high-power 2835 SMD LEDs** to deliver up to **240 lumens** per meter (5 meters; 1,200 lumens total).

Easy-to-read cutting marks and daisy chaining capabilities complement a wide range of indoor DIY projects.

Available in **2,700K, 4,000K**, and select colors by special order; the AMAZON Series is great for retail, home and hospitality applications including:

- **Display cases**
- **Kitchen cabinets**
- **Backlit signage**
- **Furniture accents**
- **Cove lighting**

and much, much more!

Idea of how strips can be utilized.  
 The below diagram shows (1) 96W driver with a 16.5 ft strip cut it to 3 individuals strips.  
 (the power supply is 96W and the 16.5 ft strip is 65W)-dimmable.

5 meter/spool

1 spool in a static proof bag

Operation temperature: -20~50°C  
 Storage temperature: -30~80°C  
 Packing: 16.5 ft per spool (see picture above).
