Fixtures Suspension MR-16

STUDIO 1x3

This collection of pendant light fixtures LED MR16 bulbs (each an 8W equivalent to 50W halogen) on rotating gimbal rings to allow users to adjust the direction of each spotlight. Adjustable mounting cables enable a range of installation heights. Each fixture includes energy saving LED bulbs and a driver that connects to line voltage.

LED STUDIO SUSPENSION Light Unit (1x3)

Bulbs

Included with each Studio lamp holder is a highly efficient Athens LED MR16. This Energy Star rated bulb features 8 Nichia brand LEDs to minimize scalloping and deliver a uniquely pleasing quality of light.

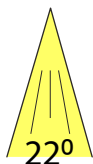

Bulbs are available in three color temperatures:

- 2700K (Very Warm White)
- 3000K (Warm White)
- 4000K (Neutral White)

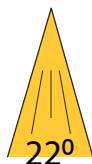

Choose from two beam spreads:

- 22 degrees (Narrow)
- 40 degrees (Wide flood)
