WELCOME TO SUN SEEKERS

Maple Ridge and Pitt Meadows Luxury Tanning Salon

We are an independently owned and operated salon specializing in tanning and sunless spray tans for over 18 years. We have been recognized as the #1 tanning, sunless & wellness experience in the area. Choosing Sun Seekers Tanning Salon not only determines the results you obtain but also how these results are achieved.

Redefining The Tanning Industry

Sun Seekers Tanning is redefining the tanning industry with a luxury experience built on convenience, accessibility, innovation and a talented and passionate staff who provide our clients with only the best to help them look and feel great.

Innovative, Individualized, and Immaculate

Our mission is to provide the highest level of customer service with professionally trained staff, an immaculate location, and top of the line products. We are a member of the International Smart Tan Network, which is dedicated to educating indoor tanning professionals by promoting responsible, moderate sun tanning and sunburn avoidance for all.

Want to try the salon?

OPEN SUN

Are you looking for a deep, dark, longer-lasting tan? The Open Sun sunbed is a luxurious and powerful addition to any tanning routine. It features 30 high-pressure units arranged in a sleek canopy and base design, offering the ultimate tanning experience. The 100% high-pressure units demonstrate the superior technology and quality of the Open Sun, making it a standout product in its class. Don't settle for imitations, choose the best in high-pressure tanning technology with the Open Sun.

12 MINUTES MAX

AFFINITY

Our entry-level top-of-the-line sun unit is unparalleled, with 43 Turbo Power UV lamps and 3 Ultra Performance facial tanners. 7 shoulder tanners and a reflective neck surface provide even tanning results. Experience superior comfort and tanning experience in this state-of-the-art sun bed.

12 MINUTES MAX

iDOME SWING

The most ultra-luxury high-performance sun booth in Ridge Meadows. The 225+ Watt stand-up unit boasts 55 high-intensity lamps and luxurious features for a comfortable and efficient tanning experience. With 5 rotating power spot high-pressure facials, you can achieve an even facial tan, while the in-booth fresh-air fan controls and misting provide a refreshing experience. Get a full body, 360° tan with this powerful unit.

8 MINUTES MAX

SPACE 2000

Indulge in a stand-up sun booth with an open ceiling design and spacious interior. This sun booth offers luxurious and premium tanning results with 50 high-intensity lamps providing a full-body tanning experience that will exceed even the most advanced tanners' expectations.

11 MINUTES MAX

HYBRID TANNING

INSPIRATION HYBRID 550

EXPERIENCE COLOUR LIKE NEVER BEFORE WITH THE PERFECT HARMONY OF SUNLIGHT AND BEAUTY REJUVENATION.

Equipped with ultra-performance facial tanning technology and the unique combination of Red Light and UV, the Inspiration 550 Hybrid delivers unmatched results. Combining trusted performance with 28 traditional UV lamps and 14 Smartsun lamps, which are a perfect combination of UV and Red Light in the same lamp.

12 MINUTES MAX

WHAT IS HYBRID LIGHT?

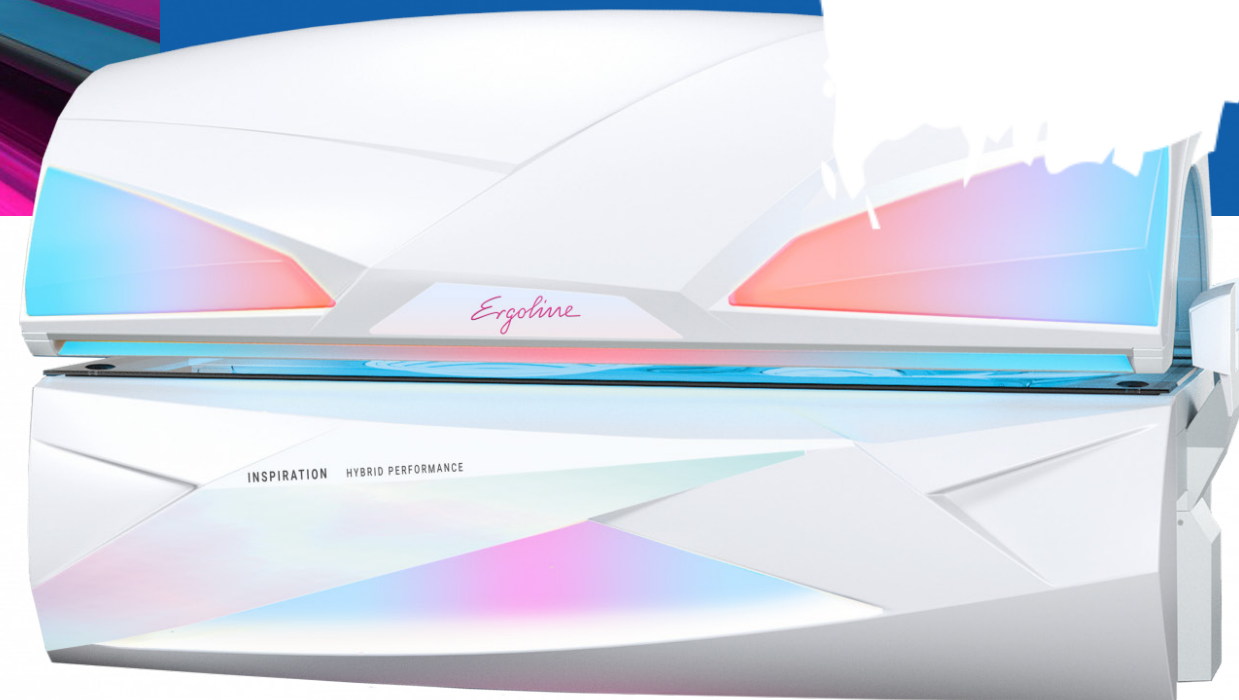

Hybrid Smartsun Lamps are a combination of UV light and Red Light to provide a new level of tanning and skin care results. Achieve a more natural looking tan and longer lasting results with hybrid light technology.

WHAT IS RED LIGHT?

Is a light treatment that penetrates deep into the skin and increases the body's own production of collagen and aids in the treatment of skin issues. Fine lines are reduced, and the skin becomes visibly tauter and smoother. Instead of covering up the visible symptoms, the causes of visible skin aging are naturally reduced.

RED LIGHT BENEFITS

- Visibly reduces the appearance of fine lines and wrinkles for youthful looking firmer skin
- Improves skin complexion and texture
- Lessens the effects of damaging environmental influences
- Reduces the appearance of stretch marks, varicose veins, acne scars, white spots, age spots, and pore size.
- Promotes wound healing & tissue repair
- Reduces effects of psoriasis on the skin
- Aids in diminishing scars

RED LIGHT WELLNESS COCOON

This treatment combines red light therapy, both dry heat and far infrared heat with an optional vibratory massage, and salt air for the ultimate body transformation and relaxation experience.

The Cocoon Wellness Pod has countless benefits, from weight management and pain relief, to detoxification and stress reduction and relaxation with just a few sessions a week. It's a luxurious, full body powered massage system, ergonomically situated within a pod of thermal active energy, it creates a revitalizing, rejuvenating and relaxing experience for the mind, body and spirit.

Whether you have just made the commitment to improve your health and the way you look and feel – or are seeking to achieve the next level in your quest for peak performance, the Cocoon Wellness Pro offers a myriad of physical and psychological benefits.

20 MINUTE SESSIONS

SINGLE SESSION - \$39.95
5 SESSIONS FOR \$149.95

- Natural wellness system for everyone that encourages & inspires a healthy lifestyle
- Assists in weight management firming, toning, and improving physical fitness
- Pre & Post Workout benefits
- Improves range of motion
- Pain Management
- Detoxification
- Relaxation & stress management
- Improved mental acuity & focus
- Promotes healthy sleep management choices
- Red light skin photo rejuvenation

DETOXIFICATION

Far infrared cocoon benefits the body by heating it directly causing a rise in core temperature resulting in a deep, detoxifying sweat at the cellular level, where toxins reside.

WEIGHT LOSS

Infrared cocoon session can burn upwards of 600 calories while you relax! As the body works to cool itself, there is a substantial increase in heart rate, cardiac output and metabolic rate, causing the body to burn more calories.

SPORTS RECOVERY

The heat penetrates the muscles, increasing blood circulation and assisting with muscle repair. Infrared heat will also help in the reduction of lactic acids, allowing tight and worn out muscles to relax and rejuvenate.

STRESS REDUCTION

Stress build-up creates tension in the body, manifesting in various aches and pains. The heat and humidity defuses the pain and relaxes tired muscles.

SKIN REJUVENATION

The light is absorbed by the skin and other tissues, which leads to a cascade of cellular reactions that can promote healing, reduce inflammation, and promote collagen production.

PAIN RELIEF

Pain management professionals incorporate infrared heat therapy into treatment plans to decrease pain and muscle spasms and to speed up recovery time.

IMPROVED CIRCULATION

Increase in blood flow similar to that seen during exercise. Regular infrared cocoon use can significantly stimulate blood flow up to twice the normal rate.

WOUND HEALING

Enhances the skin's healing process by promoting faster cell regeneration and human tissue growth. Human cell growth increases to repair wounds and prevent infection.

REDUCES CELLULITE

Heating the muscles with infrared rays produces an increase in blood flow similar to that seen during exercise. Regular infrared cocoon use can significantly stimulate blood flow up to twice the normal rate.

TREATMENT OF CHRONIC DISEASES

Extremely effective in the treatment of debilitating and chronic diseases such as Chronic Fatigue System (CFS), Fibromyalgia, Osteoarthritis, Rheumatoid Arthritis, heart disease and many others.

How often should I cocoon?

It is recommended that you cocoon every other day.

1 TIME PER WEEK:

- Detox Maintenance
- Relaxation
- Skin Improvement

2 TIMES PER WEEK:

- Burn Calories
- Fitness Recovery
- Consistent Heart Health

3 TIMES PER WEEK:

- Heavy Detox
- Mental Clarity
- Transformative Health

BEAUTY ANGEL RVT30 with Vibrashape

GET READY TO TURN BACK THE CLOCK WITH THE BEAUTY ANGEL A BEAUTY DEVICE THAT UTILIZES 30 RED LIGHT THERAPY LAMPS & VIBRASHAPE TECHNOLOGY TO PROMOTE SKIN REJUVENATION, REDUCE THE APPEARANCE OF FINE LINES AND WRINKLES, AND IMPROVE SKIN TEXTURE AND TONE.

UNLOCK THE SECRET!

Unlock youthful, glowing skin with the power of our red-light therapy booth! Experience a natural, non-invasive solution to reduce signs of aging. Relax under the warm, comforting glow of full-body red light lamps while a vibration platform targets fine lines, wrinkles, and cellulite for a smoother, more youthful appearance. Red-light therapy is a highly effective way to rejuvenate your skin, leaving you with a radiant complexion.

What is Red Light Therapy?

Is a photo rejuvenation treatment that uses low-level, red and near-infrared light to promote healing and reduce inflammation in the body. The therapy involves exposing the skin or other affected areas to light from a device that emits red or near-infrared light at specific wavelengths.

The light is absorbed by the skin and other tissues, which leads to a cascade of cellular reactions that can promote healing, reduce inflammation, and promote collagen production. The light energy is used by the cells to increase their energy production and promote their ability to repair and regenerate.

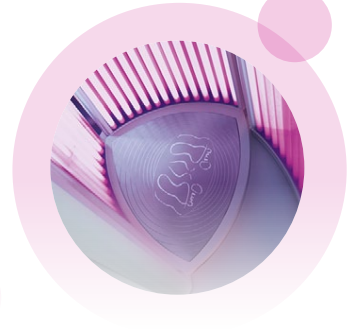

Red light therapy has been used to treat a variety of conditions, including skin conditions such as acne, eczema, and psoriasis, as well as hair loss and wound healing. It has also been used to reduce pain, inflammation, and muscle spasms, as well as to improve the appearance of aging skin.

12 MINUTE SESSIONS
3 MONTHS FOR \$299.95
1 SESSION = 150 POINTS

RED LIGHT THERAPY

PURE BEAUTY FOR SKIN AND BODY

Benefits of Red Light

SKIN REJUVENATION & APPEARANCE

Red light is known to penetrate deep into the skin and stimulate collagen production, leading to a more youthful, radiant complexion & smaller pore size

PAIN RELIEF

Red light therapy has been shown to reduce pain and inflammation in some individuals, making it a potentially useful tool for managing conditions like arthritis and muscle soreness.

WOUND HEALING

The anti-inflammatory and pain-relieving effects of red light therapy can also help speed up the healing of wounds and injuries.

IMPROVED MOOD

Red light therapy has been shown to have a positive effect on mood, potentially due to its ability to increase serotonin levels in the brain.

INCREASED ENERGY

Some people report increased energy levels and improved sleep after using red light therapy, potentially due to its ability to regulate circadian rhythms.

Benefits of Vibrashape

The body vibration plate in the Beauty Angel Booth has 5 different programmable options, from No vibration to Advanced. The vibration plate stimulates muscle contractions and increases blood flow, leading to several health and beauty benefits.

INCREASED CIRCULATION

By utilizing a vibration plate, one can enhance circulation by boosting blood flow. This leads to increased delivery of oxygen and nutrients to the skin, resulting in a youthful and revitalized appearance.

MUSCLE STIMULATION

The use of a vibration plate can activate muscle contractions, contributing to a more toned and defined physique.

REDUCED CELLULITE

Using a vibration plate can enhance circulation and activate the lymphatic system, resulting in a decrease in the visibility of cellulite.

IMPROVED BONE DENSITY

The vibration plate can help stimulate bone cells, leading to increased bone density, which is especially beneficial for people with conditions like osteoporosis.

STRESS RELIEF

Some people reported a decrease in stress levels by promoting relaxation and reducing muscle tension.

ALL-IN-ONE LED LIGHT THERAPY *the Celluma LED Facial*

Introducing the Celluma LED facial, the ultimate solution for achieving radiant, glowing skin! This innovative treatment harnesses the power of LED light therapy to help improve the overall appearance of your skin. Using advanced LED technology, the Celluma LED facial targets a wide range of skin concerns, including acne, fine lines and wrinkles, hyperpigmentation, and more.

The treatment works by penetrating deep into the layers of your skin to stimulate collagen and elastin production, which helps to reduce the signs of aging and promote a more youthful, vibrant complexion unlike many other skincare treatments, the Celluma LED facial is completely non-invasive and pain-free, making it a great option for those who want to achieve great results without any discomfort or downtime. The treatment is also completely safe for all skin types, so anyone can benefit from its powerful effects.

THIS TREATMENT IS BEING OFFERED DURING YOUR COCOON SESSION OR IN THE COCOON SERVICE ROOM

THE CELLUMA ELITE PRO OFFERS 3 TREATMENT SETTINGS

- ✓ Red Light (Anti-Aging)
- ✓ Blue Light (Acne)
- ✓ Near-Infrared (Pain Management)

**31 DAY COCOON & CELLUMA \$149.95
1 SESSION = 150 POINTS**

Red Light Anti-Aging

Red Light is used for treating the epidermis, which is the outer layer of skin. When the light is applied to your skin, the epidermis absorbs it and then stimulates collagen proteins.

More collagen means that your skin will look smoother and fuller, which can reduce the appearance of fine lines and wrinkles. Red LED light also reduces inflammation while improving circulation, which gives you a healthier glow. Because Celluma red light therapy increases collagen, the skin feels thicker, younger and healthier!

WE SEE A CASCADE OF BENEFITS SUCH AS:

- Cell generation to replace old cells (mitosis)
- Reduction and prevention of cell death (apoptosis)
- Neurogenesis (new neurons)
- Development of new capillaries (angiogenesis)
- Increased blood flow
- Enhanced Nitric Oxide production. The synergistic effect is that your body is optimized to heal itself.

Celluma Works to Boost Collagen Production

Light Therapy = Enhanced Krebs (energy) Cycle = Greater ATP Availability = More Collagen When all of those important metabolic events are happening, it then results in greater outcomes beyond just collagen production.

Blue Light Acne Treatment

LED blue light therapy is a non-invasive, painless treatment that has been found to be effective in treating acne. The blue light emitted by LED lights penetrates the skin and kills the bacteria that cause acne, helping to reduce inflammation and breakouts.

Overall, LED blue light therapy is a safe, effective, and convenient way to treat acne. It's a great option for those who want a natural alternative to traditional acne treatments.

HERE ARE SOME BENEFITS OF LED BLUE LIGHT THERAPY IN TREATING ACNE:

- Kills bacteria: Blue light therapy targets the bacteria that cause acne, helping to reduce inflammation and breakouts.
- Non-invasive: LED blue light therapy is a non-invasive treatment that doesn't require any downtime or recovery time. It's painless and can be done in a short amount of time.
- LED blue light therapy is a safe treatment with no reported side effects. It doesn't use any chemicals or drugs, making it a natural way to treat acne.
- Improves skin texture: LED blue light therapy can improve skin texture by reducing the appearance of pores and smoothing out rough or uneven skin.

SUN SEEKERS TANNING SALON HAS BEEN OFFERING LUXURY SPRAY TANS SINCE 2004. OUR SIGNATURE REVOLUTIONARY AIRBRUSH TECHNIQUE WAS DEVELOPED IN BEVERLY HILLS, CALIFORNIA AND OFFERS A FLAWLESS, EVEN APPLICATION FOR STUNNING RESULTS. OUR HIGHLY TRAINED AND CERTIFIED TECHNICIANS PROVIDE A CUSTOMIZED HAND-AIRBRUSHED LOOK WITH LUXURIOUS STUNNING RESULTS.

We currently offer two unique exclusive formulas, Our Seekers-Signature, Infinity Sun Bronze Organic and the Express, Infinity Sun Rapid Ultra Dark.

Our Seekers-Signature, Infinity Sun Bronze Organics solution is enriched with antioxidants and botanicals as well as the highest-grade sunless tanners that leave the skin hydrated, while creating an immediate and natural-looking Organic sunless tan. This formula absorbs and dries quickly and develops in 6-8 hours.

The Express, Infinity Sun Rapid Ultra Dark has a violet base cosmetic bronzer to cut orange tones on the skin, producing a cool Mediterranean immediate color. Enriched with antioxidants and botanicals, as well as hyaluronic acid, vitamins A, C & E and the highest-grade DHA that leaves the skin hydrated, while creating a gorgeous and flawless color. Leave on the skin for 2 hours for a light tan, 4 hours for a medium tan 6 or more hours for a deeper and richer color.

We pride ourselves on providing the best spray tan results and we guarantee it!

Sun Seekers Tanning Salon guarantees all our spray tans by offering free touch-ups within 24 hours. We recommend that you book your spray tan 2-3 days prior to your event and follow the suggested steps to receive the results you are looking for.

We pride ourselves on providing the best spray tan results and we guarantee it! Sun Seekers Tanning Salon guarantees all our spray tans by offering free touch-ups within 24 hours

GETTING THE MOST

From Your Sunless Spray Tan

AT HOME PREPARATION PRIOR TO YOUR SPRAY TAN

- Exfoliate with an oil-free light exfoliator 1-2 days before your session
- You should not get spray tanned within 2-4 days of body waxing or before a manicure/pedicure

HOW TO ARRIVE FOR YOUR SPRAY TAN APPOINTMENT

- Arrive 5-10 minutes prior to your appointment
- Arrive showered, exfoliated, shaven, free of make-up and/or moisturizer
- Wear dark, loose fitting, cotton clothing
- Bring a bathing suit or lingerie to tan. It is up to you, but the policy of the salon is bottoms are required and a top is optional

WHAT TO DO AFTER YOUR SPRAY TAN

- After your session wait at least 6-8 hours before you shower, moisturize, swim or exercise. *Please remember before you shower you will have the layer of cosmetic bronzer and the sunless tan, making it look darker than your final result. Once you shower you will see the final results of your spray tan*
- Make sure to moisturize to keep your skin well hydrated to extend the life of your tan
- Use our wide variety of retail products to touch-up or just prolong the life of your treatment
- Do not wear wool, nylon and silk during or after the spray tan session for at least eight hours as the DHA in the spray tanning solution may stain them
