

SECTION 1: Identification of article and	d of the company/undertaking
1.1. Product identifier	
Article name	: ABS ESD-R
1.2. Relevant identified uses of the article a	and uses advised against
1.2.1. Relevant identified uses	
Main use category	: Industrial use, Professional use, Consumer use
1.2.2. Uses advised against	
No additional information available	
1.3. Details of the supplier of the safety do	cument
ARMOR 3D	
7, rue de la Pélissière 44118 La Chevrolière - FRANCE	
T +33 (0)2 40 38 40 00	
1.4. Emergency telephone number	
No additional information available	
SECTION 2: Hazards identification	
Not applicable	
	ny particular risk, provided it is handled in accordance with good occupational hygiene and safety
practice.	
SECTION 3: Composition/information	on ingradiante
	on ingredients
Modified acrylonitrile butadiene styrene copolymer	
SECTION 4: First aid measures	
4.1. Description of first aid measures	
4.1. Description of first aid measures	
First-aid measures general	: Call a poison center or a doctor if you feel unwell.
	: Call a poison center or a doctor if you feel unwell. : If you feel unwell, seek medical advice. Assure fresh air breathing.
First-aid measures general	
First-aid measures general First-aid measures after inhalation	: If you feel unwell, seek medical advice. Assure fresh air breathing. : Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects,	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects,	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after eye contact 4.3. Indication of any immediate medical at	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after eye contact	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically.	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed : Foam. Carbon dioxide. Water spray. Dry powder.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed : Foam. Carbon dioxide. Water spray. Dry powder.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the article	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed Foam. Carbon dioxide. Water spray. Dry powder.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after eye contact 4.3. Indication of any immediate medical at Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the article Fire hazard	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed Foam. Carbon dioxide. Water spray. Dry powder. e In case of fire and/or explosion do not breathe fumes.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after eye contact 4.3. Indication of any immediate medical att Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the article Fire hazard Explosion hazard	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed Foam. Carbon dioxide. Water spray. Dry powder. e In case of fire and/or explosion do not breathe fumes.
First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and effects, Symptoms/effects after inhalation Symptoms/effects after eye contact 4.3. Indication of any immediate medical att Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the article Fire hazard Explosion hazard 5.3. Advice for firefighters	 If you feel unwell, seek medical advice. Assure fresh air breathing. Take off contaminated clothing. If skin irritation occurs: Get medical advice/attention. Gently wash with plenty of soap and water. Get immediate medical advice/attention. Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing. Do not induce vomiting. Obtain emergency medical attention. Rinse mouth out with water. both acute and delayed Dust of the product, if present, may cause respiratory irritation after an excessive inhalation exposure. Dust from this product may cause eye irritation. ttention and special treatment needed Foam. Carbon dioxide. Water spray. Dry powder. e In case of fire and/or explosion do not breathe fumes. Avoid raising powdered material due to explosion hazard.

SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures		
General measures	: Remove ignition sources. Avoid contact with skin and eyes.	
6.1.1. For non-emergency personnel		
Protective equipment	: Wear recommended personal protective equipment.	
Emergency procedures	: Evacuate unnecessary personnel. Do not get in eyes, on skin, or on clothing.	

ABS ESD-R

Safety Document

6.1.2. For emergency responders				
Protective equipment	: Breathing apparatus. Use personal protective equipment as required.			
Emergency procedures	: Evacuate unnecessary personnel. Prevent from entering sewers, basements and workpi or any place where its accumulation can be dangerous.			
6.2. Environmental precautions				
Avoid release to the environment. Prevent from	entering sewers, basements and workpits, or any place where its accumulation can be dangerous.			
6.3. Methods and material for containme	ent and cleaning up			
For containment	: Collect spillage.			
Methods for cleaning up	: Mechanically recover the product. Minimize generation of dust. Clean up immediately by sweeping or vacuum.			
6.4. Reference to other sections				
No additional information available				
SECTION 7: Handling and storage				
7.1. Precautions for safe handling				
Additional hazards when processed	: Dust may form flammable and explosive mixture with air.			
Precautions for safe handling	: Eliminate all ignition sources if safe to do so. Provide good ventilation in process area to prevent formation of vapour. Take precautionary measures against static discharge. Keep only in original container. Do not get in eyes, on skin, or on clothing.			
Hygiene measures	: Do not eat, drink or smoke when using this product.			
7.2. Conditions for safe storage, includi	ing any incompatibilities			
Technical measures	: Keep in a cool, well-ventilated place away from heat. Take precautionary measures agains static discharge.			
Storage conditions	: Store in original container. Keep cool. Protect from sunlight. Store in a well-ventilated place. Store in a dry place. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep away from ignition sources. Protect from moisture.			
Storage area	: Store in a well-ventilated place. Store away from heat.			
7.3. Specific end use(s)				
No additional information available				

SECTION 8: Exposure controls/personal protection 8.1. Control parameters

No information available.

8.2. Exposure controls Appropriate engineering controls:

Provide adequate ventilation to minimize dust concentrations.

Hand protection:
Protective gloves
Eye protection:
In case of dust production: protective goggles
Skin and body protection:
Wear suitable protective clothing. Long sleeved protective clothing
Respiratory protection:
No respiratory protection needed under normal use conditions. Where exposure through inhalation may occur from use, respiratory protection

No respiratory protection needed under normal use conditions. Where exposure through inhalation may occur from use, respiratory protection equipment is recommended

Other information:

Do not eat, drink or smoke when using this product.

SECTION 9: Physical and chemical p	roperties
9.1. Information on basic physical and ch	emical properties
Physical state	: Solid
Colour	: Black.
Odour	: odourless.
Odour threshold	: No data available
pH	: No data available
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available

ABS ESD-R

Safety Document

Boiling point	: No data available
Flash point	: No data available
Auto-ignition temperature	: 350 °C
Decomposition temperature	: > 300 °C
Flammability (solid, gas)	: No data available
Vapour pressure	: No data available
Relative vapour density at 20 °C	: No data available
Relative density	: No data available
Density	: 0.99 - 1.97 g/cm ³
Solubility	: not soluble in water.
Log Pow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available
9.2. Other information	

No additional information available

SECTION 10: Stability and reactivity
10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport. Combustion produces toxic gases.
10.2. Chemical stability
Stable under normal conditions.
10.3. Possibility of hazardous reactions
Stable under normal conditions of use.
10.4. Conditions to avoid
Avoid dust formation. No naked flames, sparks, and do not smoke. Above a temperature of 300°C
10.5. Incompatible materials
No additional information available
10.6. Hazardous decomposition products
fume. Corrosive vapours. Acrolein. Hydrocyanic acid. Acetaldehyde. Styrene. Toluene. Acrylonitrile.
SECTION 11: Toxicological information
No additional information available
SECTION 12: Ecological information
No additional information available
SECTION 12: Disposal considerations

SECTION 13: Disposal considerations	
13.1. Waste treatment methods	
Waste treatment methods	: Dispose in a safe manner in accordance with local/national regulations. Avoid discharge to the environment.
Ecology - waste materials	: Avoid release to the environment.

SECTION 14:	Trans	port	infor	mation
Not applicable.				

SECTION 15: Regulatory information

No additional information available

SECTION 16: Other information

No additional information available

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product
