

Job Title: Product Designer

Job Overview: We are looking for a talented Product Designer to join our team and help us develop innovative and stylish leather accessory products. The ideal candidate will have a passion for fashion, a keen eye for design, and a deep understanding of the leather accessory market. As a Product Designer, you will work closely with our design and development teams to create unique and marketable products that meet the needs and preferences of our customers.

Responsibilities:

- Develop creative and functional designs for leather accessory products.
- Work closely with the design team to develop product concepts and sketches.
- Create 3D renderings and mock-ups of products for presentation and review.
- Conduct research on industry trends, competition, and customer preferences.
- Collaborate with the development team to ensure product feasibility and manufacturability.
- Develop technical specifications and product documentation.
- Communicate with suppliers and manufacturers to ensure product quality and consistency.
- Maintain a keen understanding of product cost and margin goals.
- Review product samples to ensure adherence to design and quality standards.

Requirements:

- Proven experience as a Product Designer in the leather accessory industry
- Strong creative and technical design skills
- Proficiency in design software such as Adobe Creative Suite and 3D rendering software
- Knowledge of manufacturing processes and materials used in leather accessory production.
- Excellent communication and interpersonal skills
- Strong attention to detail and ability to work on multiple projects simultaneously.
- Ability to work in a team environment.
- Strong problem-solving and analytical skills

Education and Qualifications:

- Bachelor's degree in industrial design, Fashion Design, or a related field
- 1 years of relevant product design experience in the leather accessory industry
