

A AQUA MUNIT®

CRYOTANK

THE PROS OF THE CRYOTANK SPORT

A compact tank
capable of holding
4 PEOPLE

PERSONALISED IMAGES FOR THE TANK.

Ideal for your club's logo, your gym's logo,
or even the logo for your clubs partners or sponsors.

A PRODUCT EASILY TRANSPORTED

With its compact nature the tank -
easily fits into any bus or transporter.
This is an option for away matches,
team camps, events, or just simply for
moving it from one place to another.

WITH 2 WHOLE PACKS CYROTANK

And thanks to the versatility of
our thermoregulator proposed
to our athletes, clients and
patients, we can offer two
types of protocol for recovery
with both cold and hot baths.

Stopwatch

THE ADVANTAGES OF SUBMERSION IN COLD WATER

The activity consists of submerging the body in water ideally between 10° and 12° for duration in between 10 and 15 minutes

A natural method to enhance physical recovery and performance

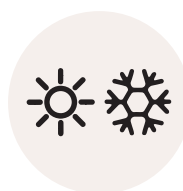

Reduce pain and inflammation

Reduce micro traumas and accelerate recovery

Enhance general health and help counter stress and fatigue.

Alternating between hot and cold helps with draining and relaxing the muscle
