Pushchairs

Mercedes-Benz and Mercedes-AMG Collection

Hartan

The new Mercedes-Benz pushchairs from Hartan – dynamic, innovative, functional

The successful cooperation between Mercedes-Benz and the German family-owned company Hartan began five years ago. Hartan, from Franconia, has been producing high-quality pushchairs “Made in Germany“ since the 1950s. Just like Mercedes-Benz, Hartan stands for innovation, comfort and safety with that unique sporty character. Hartan’s interior designs are certified organic cotton, which is the best for your little one. The exceptionally light aluminium chassis are characterised by stability and manoeuvrability. Hartan pushchairs incorporate all the technical experience from four generations of German pushchair development and production. Their new pushchair collection with the models ALL-TERRAIN GTR, AVANTGARDE GTS/GTX, PERFORMANCE GTS/GTX and AMG GT² demonstrate not only an eye-catching look, developed in close coordination with the Mercedes-Benz design department but also superior functionality and excellent workmanship.

Like all Hartan products, the Mercedes-Benz and Mercedes-AMG pushchairs meet the highest material selection and manufacturing quality standards. Additionally, they are also subject to certification by TÜV.

ALL-TERRAIN GTR

The perfect choice for sports-loving parents. Ideal for off-road use thanks to grip tyres and handbrake and is also manoeuvrable and handy with compact folding dimensions.

Exclusive and practical at the same time - The small and compact folding size ensures that the Avantgarde can be taken anywhere without any problems. The lockable single swivel wheels provide optimal manoeuvrability. The telescopic handlebar with an extensive adjustment range allows people of different heights to push the Avantgarde without any problems. The Avantgarde model can be ordered with either the GTS or GTX seat unit.

- telescopic handle with a large extending range
- positive action parking brake
- compact fold

- reversible seat unit with safety click system
- lockable swivel wheels

Avantgarde GTX pushchair with premium fold carrycot (available as an accessory)

GTS seat unit

The GTS seat unit is convenient with the highest comfort and classically elegant design. The GTS seat unit is detachable from the frame and reversible. The backrest can be adjusted several times to the flat reclining position. Thanks to the multi-adjustable and extendable footrest, the Avantgarde GTS adapts to every size and grows with you.

GTX seat unit

The GTX seat unit impresses with its ergonomic seat unit with swivel function, which can be adjusted several times to the reclining position. The GTX seat unit is detachable, lightweight and reversible. Other benefits include a multi-adjustable footrest, making the popular GTX seat unit the perfect companion.

Comfort for adventurers - The superb handbrake, the swivel pusher and the extra large shopping basket make the model a role model for flexibility in everyday life. Thanks to lockable swivel wheels and Solight Ecco pneumatic tyres with adjustable suspension, the Performance model masters every course and is very manoeuvrable. The Performance model can be ordered with either the GTS or GTX seat unit.

Innovation swivel pushchair - Looking towards the parents or forwards? The brand new „Performance“ pushchair model from the Mercedes-Benz Collection enables a change of perspective in the blink of an eye.

Performance GTS

Performance GTS pushchair with premium fold carrycot (available as an accessory)

Performance GTX
2384-177-843 rubellit

Performance GTX pushchair with premium fold carrycot (available as an accessory)

GTS seat unit

The GTS seat unit boasts the highest comfort and classically elegant design. The GTS seat unit is detachable from the frame and reversible. The backrest can be adjusted several times to the flat reclining position. Thanks to the multi-adjustable and extendable footrest, the Performance GTS adapts to every size and grows with you.

GTX seat unit

The GTX seat unit impresses with its ergonomic seat unit with swivel function, which can be adjusted several times up to the reclining position. The GTX seat unit is detachable and reversible from the frame and is really lightweight. Other functions, such as the multi-adjustable footrest, make the popular GTX seat unit the perfect companion.

AMG GT²

The AMG GT² with handbrake combines flexibility and maximum driving comfort. With a folding size of 69 x 58.5 x 31 cm, the AMG GT² folds together with the GTR seat unit in an ultra-compact manner and is lightweight at 13,4 kg.

Leatherette handle in black with orange stitching (Design 851), including serial handbrake

Fold-out sun visor for stroller and premium fold carrycot

Compact fold L 69 cm x B 58,5 cm, H 31 cm, suitable for the car boot

Cross-spoke wheels, in the original AMG Design, inc. air chamber tyres and adjustable suspension

Limited Edition - 1 of 299

In the fifth year of their cooperation, Mercedes-AMG and Hartan present the Limited Edition of the AMG GT² pushchair. Only 299 pieces are available worldwide. The centrepiece of the special model is the AMG pattern in hyperblue against a black background on the hood of the stroller and the premium folding bag, as well as the black frame with a noble colour gradient in the colour hyperblue. In addition, each model is provided with an original AMG badge, highlighting the exclusive limitation of this edition.
