---

The logo for Snug Up is written in a bold, black, cursive script. The word 'SNUG' is in all caps and 'UP' is in a mix of caps and lowercase, with the 'P' being particularly large and stylized.

Our production dreams, with Agabey Tekstil which started as a small workshop in 1990, have laid the foundation for a company that provides production, supply and collection services for national and international brands in the field of bags and textiles with its second generation management team. Agabey Tekstil, which has built its years of design and production experience with an innovation and functionality-based approach, entered the retail sector with the Snug Up brand by offering it to the Turkish, European and the US markets.

Snug Up emerged as a manufacturer brand that combines design, production and development disciplines in the field of Textile and its sub branch Bags, and technically dominates both areas.

Snug Up designs products that capture the rhythm of the city, the harmony of nature and the mobility of a sportive life, while using the best materials and a sustainable production approach.
