GRILL PARTS LIST

POWER COMPONENTS

HARDWARE

UNBOXING & LEG INSTALLATION

IMPORTANT! The grill is very heavy. Always use 2 people when lifting the grill.

1. UNBOXING
Open and remove front shelf.

2. UNBOXING
Open STARTER BOX. Reference parts list. Remove cardboard filling. Remove internal parts & legs.

3. UNBOXING
Cut down box corners to access grill.

4. LAY BACK FOR LEG ACCESS
Lay grill down on its back. Keep on cardboard to prevent scratches.

5. INSTALL LEGS
Use extra cardboard to prop up grill base for easier leg installation.

6. INSTALL LEGS
Install legs correctly as shown here.

ASSEMBLY

PLEASE READ AND FOLLOW ALL INSTRUCTIONS CAREFULLY

HARDWARE

10mm

AC Power Cord

DC Power Cord

Grill Socket Wrench

Shelf Arm Bolt M6x35mm

Grill Assembly Bolt M6x20mm

Small Tool Hook Screw M5x6mm

Control Board Antenna

IMPORTANT!

PART DESCRIPTION

1. Grill Lid Handle
2. Chimney
3. Internal Grill Light
4. Collapsible Front Shelf
5. Front Shelf Mount Brackets
6. Locking Caster Wheel Legs
7. Oversized Green Wheel Legs
8. Bottom Storage Shelf

9. Grill Grates
10. Grease Tray
11. Heat Shield
12. Heat Shield Adjustment Handle
13. Grease Bucket
14. Side Shelf
15. Hopper Safety Guard
16. Food Probes

PART DESCRIPTION

17. AC Power Cord
18. DC Power Cord
19. Grill Socket Wrench
20. Shelf Arm Bolt M6x35mm
21. Grill Assembly Bolt M6x20mm
22. Small Tool Hook Screw M5x6mm
23. Control Board Antenna

PART DESCRIPTION

1. Grill Lid Handle
2. Chimney
3. Internal Grill Light
4. Collapsible Front Shelf
5. Front Shelf Mount Brackets
6. Locking Caster Wheel Legs
7. Oversized Green Wheel Legs
8. Bottom Storage Shelf

9. Grill Grates
10. Grease Tray
11. Heat Shield
12. Heat Shield Adjustment Handle
13. Grease Bucket
14. Side Shelf
15. Hopper Safety Guard
16. Food Probes

PART DESCRIPTION

17. AC Power Cord
18. DC Power Cord
19. Grill Socket Wrench
20. Shelf Arm Bolt M6x35mm
21. Grill Assembly Bolt M6x20mm
22. Small Tool Hook Screw M5x6mm
23. Control Board Antenna

PART DESCRIPTION

1. Grill Lid Handle
2. Chimney
3. Internal Grill Light
4. Collapsible Front Shelf
5. Front Shelf Mount Brackets
6. Locking Caster Wheel Legs
7. Oversized Green Wheel Legs
8. Bottom Storage Shelf

9. Grill Grates
10. Grease Tray
11. Heat Shield
12. Heat Shield Adjustment Handle
13. Grease Bucket
14. Side Shelf
15. Hopper Safety Guard
16. Food Probes

PART DESCRIPTION

17. AC Power Cord
18. DC Power Cord
19. Grill Socket Wrench
20. Shelf Arm Bolt M6x35mm
21. Grill Assembly Bolt M6x20mm
22. Small Tool Hook Screw M5x6mm
23. Control Board Antenna

PART DESCRIPTION

1. Grill Lid Handle
2. Chimney
3. Internal Grill Light
4. Collapsible Front Shelf
5. Front Shelf Mount Brackets
6. Locking Caster Wheel Legs
7. Oversized Green Wheel Legs

PART DESCRIPTION

17. AC Power Cord
18. DC Power Cord
19. Grill Socket Wrench
20. Shelf Arm Bolt M6x35mm
21. Grill Assembly Bolt M6x20mm
22. Small Tool Hook Screw M5x6mm
23. Control Board Antenna
**BOTTOM SHELF**

**IMPORTANT!** The grill is very heavy. Always use 2 people when lifting the grill.

1. **STAND GRILL UPRIGHT**
   - Carefully lift grill up and stand upright.

2. **INSTALL BOTTOM SHELF**
   - Slide shelf down to sit on shelf arm bolts. Align with grooves under shelf.

**LID HANDLE**

**IMPORTANT!** Keep 2 spacers on each side of the grill lid to minimize heat transfer to the handle.

3. **REMOVE HANDLE**
   - Unscrew handle from inside grill lid.

4. **INSTALL HANDLE**
   - Flip hand around to the front and fasten to lid as shown here.

**FRONT & SIDE SHELVING**

**NOTE:** Front shelf mount brackets attach in the same holes used for the front legs.

5. **MOUNT BRACKETS**
   - Install brackets in leg holes. x4

6. **FRONT SHELF**
   - Attach front shelf hinges to brackets. x4

7. **SIDE SHELF**
   - Line up the bullets with the pins on side wall and clip shelf into support bar.

**CHIMNEY**

**IMPORTANT!** Make sure the chimney cap ALWAYS stays open.

8. **REMOVE BOLTS**

9. **INSTALL CHIMNEY**

10. **HEAT SHIELD**
    **IMPORTANT!** For proper heat shield positioning, use the marks on the adjuster handle. The grill wall should align with the -.5 mark on the handle, setting the heat shield 9.25 in. from the left inside grill wall.

11. **HEAT SHIELD ADJUSTER**
    - Insert adjuster handle into hole on right side of grill wall and screw into head shield.

12. **HEAT SHIELD POSITIONING**
    - Recommended position for even heat distribution: approx. 9.25 in. from left wall.

**GREASE TRAY, GRATES, & GREASE BUCKET**

**IMPORTANT!** Make sure to insert grease tray as shown below for proper temperature reading and grease drainage.

13. **GREASE TRAY**
    - Follow grease tray cut-outs as shown.

14. **GRILL GRATES**
    - Insert grates as shown.

15. **GREASE BUCKET**
    - Hang bucket on drip spout.
