CLEANING INSTRUCTIONS FOR POWDER-COATED METAL

EVERYDAY CLEANING CAN BE DONE WITH A MICROFIBER CLOTH. IF YOU WANT A DEEPER CLEAN, USE AN EVERYDAY WINDOW CLEANER SUCH AS WINDEX. NEVER USE AN ABRASIVE CLEANER, SCRUBBING BRUSH OR BLEACH-BASED PRODUCT AS THESE AGENTS WILL SCRATCH THE STEEL AND REMOVE THE PROTECTIVE POWDER COATING. WE RECOMMEND CLEANING THIS SCONCE WHEN IS IT NOT HOT OR ILLUMINATED.

ALL PRODUCTS ARE CONSIDERED TO BE IN GOOD CONDITION AND ERROR-FREE WHEN DELIVERED. CLIENT SHOULD INSPECT ALL DELIVERIES IMMEDIATELY UPON ARRIVAL, AND SHOULD MAKE NOTE OF ANY DAMAGE WHEN SIGNING FOR THE PRODUCT DELIVERY.

ALL BC WORKSHOP PRODUCTS CARRY A ONE-YEAR WARRANTY. IF CLIENT FINDS A MATERIAL DEFECT IN ANY PRODUCT, PART OR COMPONENT WITHIN ONE (1) YEAR OF PURCHASE, PLEASE CONTACT BLACKMAN CRUZ. BLACKMAN CRUZ WILL NEED TO DETERMINE IF CARE, MAINTENANCE, INSTALLATION AND OTHER FACTORS CONTRIBUTED TO PRODUCT DEFECT.
