OILED ZEBRA WOOD, EBONIZED BASE
WITH SILK SHADE
34"H X 14" DIAMETER

CLEANING INSTRUCTIONS FOR OILED ZEBRA WOOD

A MICROFIBER CLOTH CAN BE USED FOR CLEANING. IF YOU DESIRE A DEEPER CLEAN, USE PLEDGE OR A THIN COAT OF FURNITURE OIL. IF YOU WISH TO MAINTAIN AN ALL-NATURAL, ENVIRONMENTALLY FRIENDLY AND FOOD SAFE FINISH, WE RECOMMEND USING ONLY A CITRUS SOLVENT SPARINGLY ON A LINT-FREE CLOTH, SOFT BRUSH OR HAND RAG AND APPLY TO THE CLEAN, DRY AND DUST-FREE WOOD SURFACE. ALLOW SOLVENT TO PENETRATE THE SURFACE FOR 30-40 MINUTES. REMOVE ANY EXCESS SOLVENT WITH A CLEAN, LINT-FREE CLOTH. DO NOT ALLOW SOLVENT TO DRY COMPLETELY ON SURFACE BEFORE WIPING. WE RECOMMEND 2-3 COATS FOR EACH TREATMENT. PLEASE NOTE: SURFACE MAY HAVE A LUSTER FOR A WEEK OR SO AFTER APPLICATION. THIS LUSTER WILL FADE AS SURFACE CONTINUES TO ABSORB SOLVENT. NEVER USE CLEANING PRODUCTS WHICH CONTAIN HARSH SCRUBBING MATERIALS OR BLEACH AS THESE AGENTS WILL SCRATCH THE SURFACE OF THE NATURAL WOOD.

ALL PRODUCTS ARE CONSIDERED TO BE IN GOOD CONDITION AND ERROR-FREE WHEN DELIVERED. CLIENT SHOULD INSPECT ALL DELIVERIES IMMEDIATELY UPON ARRIVAL, AND SHOULD MAKE NOTE OF ANY DAMAGE WHEN SIGNING FOR THE PRODUCT DELIVERY.

ALL BC WORKSHOP PRODUCTS CARRY A ONE-YEAR WARRANTY. IF CLIENT FINDS A MATERIAL DEFECT IN ANY PRODUCT, PART OR COMPONENT WITH IN ONE (1) YEAR OF PURCHASE, PLEASE CONTACT BLACKMAN CRUZ. BLACKMAN CRUZ WILL NEED TO DETERMINE IF CARE, MAINTENANCE, INSTALLATION AND OTHER FACTORS CONTRIBUTED TO PRODUCT DEFECT.
