## Our Purpose

" At Vanadium, our purpose is to craft authentic luxury products and services designed for the environment "

*Naturally Beautiful*

# Vanadium's Story

In the heart of watch innovation in Geneva, Switzerland, a young startup named Vanadium emerged in 2023.

From their humble beginnings in a garage, they set out to create luxury responsible products that combine precision engineering, advanced technology, and sustainable practices.

Drawing inspiration from the artistry of watchmaking and harnessing the power of modern manufacturing techniques, they embark on a journey to craft exceptional products and services that redefine industry luxury standards.

They are a small team of passionate individuals driven by their passion to build products for tomorrow, today.

## Authentic Craftsmanship

Vanadium prioritizes the meticulous attention to detail and the careful selection of precious materials. Their team of skilled artisans and engineers work in harmony to ensure that each product is a testament to precision engineering and craftsmanship.

Their dedication to excellence sets them apart, making their products highly sought-after by discerning individuals who value the artistry and uniqueness found in every Vanadium creation, where each product embodies the perfect fusion of old-world craftsmanship and modern manufacturing techniques.

## Luxury Responsible

Vanadium is a brand that redefines luxury by offering products that prioritize sustainability without compromising on quality and elegance. Their brand is built upon the principles of Reusability, Biodegradability, and real Recyclability, as they strive to create a deep connection with nature.

At Vanadium, all metals and precious materials adhere to the highest standards of sustainability. They believe in designing products that are not only beautiful but also built to last, ensuring long-lasting durability for generations to come.

Vanadium is also in the development of several more products that you will never want to part with.

# The Nomad Toothbrush

The only engineered stainless steel electric toothbrush, whose elegance defines authentic craftsmanship and modern luxury.

A single new design, a reengineered toothbrush, this is Vanadium Nomad.

## Premium Experience

Superior cleaning and brushing experience

## Precision Engineering

From the world of fine watchmaking

## Ultra-Slim

A huge leap in toothbrush evolution

## Superior Finish

Creating uniqueness and pure authenticity

## Sustainable Luxury

Designed for protecting the environment

# Product Specifications

Vanadium's took the electric toothbrush back to first principles and re-designed it to craft their first product, a metal electric toothbrush to stand the test of time, they use sustainable materials having anti-bacterial and high corrosion-resistance.

Compared to regular toothbrushes, each element of its design has been carefully considered to ensure a superior brushing experience.

## Luxury responsible

Slim and durable stainless steel body, reusable, repairable and truly recyclable.

## IPX4 water resistance

You can use it in a shower or even in the tub without worrying about damaging it.

## Built-in timer to brush better

Briefly pause every 30 seconds for each quadrant so you ensure to brush for the recommended time.

## Made for travel

The only toothbrush built for nomads! 2.65 oz (75 grams) weight.

## Precision engineering

The oscillating technology within has been created from the world of fine watchmaking.

## High powered clean

Powerful 8'000 oscillations per minute designed with consumers to give your teeth a deep clean.

## USB-C fast charging

You can use any USB-C power adapters. Already compliant with global USB-C standards.

## 2 months autonomy

Rechargeable Li-on 740mAh battery. Last an average of 100 brushing sessions.

## Ultra-Slim

16mm, smallest size we could achieve! Compared to standard electric toothbrushes it's up-to 60% smaller.

## Highly hygienic

We have chosen materials that are highly hygienic anti-bacterial, so it protects you and your loved ones.
