Fill Orders Terms	Pre-pay	Net 30	Net 45	Net 45

2024 BIKE PROGRAM

New for 2024, ENVE will offer Shimano and Sram drivetrains on a limited basis to assist dealers who wish to purchase drivetrains from ENVE. Drivetrains will be sold as a "kit in a box" and will require that the dealer order the drivetrain kit sku, and a crankset sku.

Feedback from our recent dealer survey confirmed that the majority of dealers wish to purchase a "Rolling Chassis" and/or a "Rolling Chassis Unassembled w/ Drivetrain." To meet this request, we will focus on selling and supplying Rolling Chassis primarily in 2024, while we test demand for drivetrains with a curated and limited offering.

2024 COMPLETE BIKE PRICING & ORDER PROCESS

When drivetrains are available and if you wish to purchase a rolling chassis complete with a drivetrain, you will be required to order the following skus to achieve a "complete bike":

- Frame
- Handlebar/Stem (2 piece or 1 piece)
- Seatpost
- Wheelset
- Accessories (aka tires, bar tape, saddle, cages, computer mount)
- Drivetrain
- Crankset

In order to achieve our goals to grow into a complete bicycle brand, pricing for an ENVE bicycle must be competitive while also preserving the margin levels your dealer level guarantees. To achieve this, ENVE is presenting a suggested retail to ensure pricing is competitive in the market. This pricing is calculated by building a complete bike with all ENVE components (bar tape, saddles, tires, etc...) and the select drivetrain configurations that will be offered by ENVE. To ensure competitive retail pricing, while maintaining a standard wholesale cost that matches your established dealer margin, the price of the drivetrain is subsidized to achieve the quoted MSRPs.

2024 COMPLETE BIKE MSRP HYPOTHETICALS*

Model	Wheels	Drivetrain	Power	Bar/Stem	MSRP
Melee/Fray	SES	SRAM Red AXS	Yes	One-Piece	\$13,450.00

MOG	FDTN	SRAM Force/X01 1X	Yes	Two-Piece	\$9,800.00

^{*} ENVE complete bike pricing based on "sum of retail" prices of all ENVE products (frame, fork, seatpost, stem, handlebar, headset, saddle, wheelset, tires, bar tape). Drivetrain is also added, but at a discount from MSRP to achieve competitive aftermarket pricing while preserving program level margins.

ENVE B2B

WHERE DO I LOG IN?

- Visit B2B.ENVE.com directly or you can find the link for the "Dealer Site" on the right column of ENVE.com's footer
- The ENVE B2B is relatively new and if you don't yet have access to the ENVE B2B site, please reach out to your rep and we can get you access.

How do I navigate ENVE's B2B site?

Navigation Bar

- Catalog full ENVE product catalog with categories, subcategories, and products. Filters can be used to narrow down the product listings.
- Support Contact info, warranty information & claims, and digital assets
- Learn Technical support for ENVE products
- Billing Center this will link to Gaviti, which is one option for payments. Any partial payments are typically made here. Orders that will have payments made in full can be made directly on Shopify.
- Account Profile find your order history and other account information
- Search search product name, skus, or any relevant information to find the products listing.

Support for the ENVE B2B site?

- ENVE B2B Dealer Reference Guide this can be used as a first reference.
- If this reference guide does not answer your question, please contact us at dealersupport@enve.com

Why use the B2B?

- Real time product availability
- Instant order placement no need to wait on business hours or a response.
- Consolidated site for placing orders, technical resources, warranty claims
- Pricing & payment terms automatically adjusted to dealer

INDUSTRY PURCHASE PROGRAM

PROGRAM GUIDELINES

- Each employee is entited to two complete bikes per year, and two sets of wheels per year
- Employee must use the product on their personal bike
- Orders are subject to availability and allocation is first come, first serve
- Dealer must be in good standing with ENVE
- Product will be shipped to the authorized retailer
- Product cannot be resold for a period of 12 months
- ENVE sales terms and conditions apply

Contact your ENVE rep for pricing

MAP POLICY - ADVERTISING, DISTRIBUTION, E-COMMERCE

ENVE has been manufacturing high-performance products that create consumer excitement, demand and loyalty since 2005. ENVE recognizes that their success is tied to a network of select authorized dealers who invest significant time and resources to deliver an extraordinary customer experience, resulting in strong brand recognition of ENVE as a premium brand well ahead of its competition. In order to support this important investment, ENVE has unilaterally published the following Advertising/Distribution/E-Commerce Policy (collectively, "Policies) which covers the advertising and sale of products they offer. "Products" or "MAP Products," as referred to herein include the ENVE brand, also known as "Cycling Brand."

These Policies apply to ENVE brand Authorized Dealers selling ENVE Products. Dealers should familiarize themselves with these Policies, as detailed in this document. All dealers should understand that ENVE has the right in its sole discretion to select and manage their distribution network and strategy. Changes to the dealer network may occur at any time. The Advertising Policy, Distribution Guidelines, and E-Commerce Guidelines expressed in this document are a few of the many considerations given by ENVE to the continuation of vendor-dealer relationships.

MAP Policy:

- ENVE will maintain an updated "Current MAP Products" list of those performance products that fall within this MAP Policy. ENVE reserves the right to update or modify this list at any time in its sole discretion. Occasionally, ENVE may announce dates, time periods, and prices where the MAP retail price will not apply. ENVE intends that current MAP Products be sold in accordance with this MAP Policy.
- 2. All Current MAP Products listed will have a MAP retail price. Dealers shall insure that the MAP retail price listed next to or in reference to the featured advertised product is not lower than the current MAP retail price in all advertising. This includes any traditional advertising and marketing, as well as any website or other information distribution method that solicits consumer interest in a Current MAP Product.

- 3. ENVE recognizes that any Dealer can make their own decision to sell any MAP Product at any price they choose without consulting or advising ENVE. ENVE reserves the right to make its own independent decision regarding product allocations and dealer participation as a member of our distribution network, at any time.
- 4. ENVE reserves the right to approve any advertising or other means of consumer information that solicits interest in the listed products. Where approval is required by the Policies, ENVE may withhold such approval in its sole discretion.
- 5. If ENVE determines, in its sole discretion, that a Dealer has taken any action inconsistent with this MAP Policy, which may include any of the actions set forth below, then such actions are subject to enforcement of this MAP Policy including, but not limited to, a 4-step practice, as follows: 1) ENVE will provide the Dealer notice specifying the action inconsistent with this MAP Policy. Any action continuing for 24 hours after actual or constructive notice shall be considered a second action hereunder. 2) Upon any second action inconsistent with this MAP Policy, ASWO will refuse to accept new orders and hold and/or cancel all dealer's orders for the specific Current MAP Product at issue for thirty (30) days and Dealer shall not be eligible for access to closeout lists; 3) Upon any third action, ENVE will refuse to accept new orders and hold and/or cancel all orders from Dealer and will not ship any Current MAP Products for a period of sixty (60) days; 4) Upon the fourth action, ENVE will terminate Dealer's account with ENVE. The decision to reinstate a Dealer after taking actions inconsistent with this MAP Policy will be at the sole discretion of ENVE and assurances of future compliance will not be considered.
- 6. ENVE intends that its Current MAP Products be sold by Dealers who do not engage in the following actions:
 - Listing a Current MAP Product in advertising, promotion, or other media at a price below the MAP retail prices listed for the Current MAP Product;
 - Using advertising phrases or tactics to undermine

the legitimate purposes of this MAP Policy (including discounts);

- Using advertising phrases which, in the reasonable discretion of ENVE, communicate non-compliance with this MAP Policy;
- Attaching another product or value added offer to any advertisement, promotion, or consumer program including, gift with purchase (GWP) offers, buy one get one offers, coupons for free product, percentage off of a future purchases, discounts in conjunction with products purchased as a package deal, or discount loyalty programs that are not points based;
- Offering Trade-in/trade-up or discounted gift card/ certificate promotions or programs; and
- Posting, advertising, fulfilling, or selling any ENVE Product through or in any way in conjunction with the use of any "auction" site", "online marketplace", or other related method of re-distribution, or websites, or the directing of consumers in any way to any such site(s)

All the above are viewed by ENVE as actions that are inconsistent with this MAP policy, unless pre-approved in writing by ENVE.

- 7. ENVE sales representatives (TM's) are NOT permitted to discuss this policy or make any agreements or assurances with respect to ENVE policy regarding Advertising, Distribution or E-Commerce. This also includes any consumer program or promotion that affects the attached listed performance products. Any questions regarding this policy or any aspect of this policy should be addressed to the National Sales Manager at ENVE Corporate Offices in Ogden, Utah.
- 8. This MAP Policy applies to Dealers located in the United States.

Distribution Policy:

- ENVE reserves the right to make its own independent decision regarding allocations or a specific Dealer's status as part of our distribution network, if we determine that a Dealer has engaged in distribution of Cycling Products that is inconsistent with this Distribution Policy
- Unless otherwise permitted by ENVE in writing, ENVE intends that Cycling Products be sold by Dealers who do not engage in the following:
 - Sale or distribution of Cycling Products beyond the direct-to-consumer retail model that ENVE has approved for a specific Dealer location (including, but not limited to, auction sites, and online marketplaces). All of which are considered Re-distribution inconsistent

with the Policies.

- Sale or distribution of Cycling Products via kiosks or other mobile store models
- Distribution outside Dealer's geographic area as set by ENVE including international distribution, sales, and shipping outside of the United States.
- With respect to e-commerce distribution: All authorized internet E-Commerce Partners (e-tailers) shall place thefollowing statement at the top of ENVE Product landing pages, unless otherwise agreed in writing by ENVE in its sole discretion.

"Shipment Policy – Authorized United States retailers, including authorized internet dealers, are not permitted to distribute, sell or ship this product outside the 50 United States of America."

This required policy language must be located at the top of all Cycling Product landing pages, be easily viewed and understood by consumers, and cannot be preceded by any other offer, solicitation, and the like.

- 4. If ENVE determines, in its sole discretion, that a Dealer has taken any action inconsistent with this Distribution Policy, which may include any actions inconsistent with sections 1-3 above, then such actions are subject to enforcement of this Distribution Policy including, but not limited to, a 4-step practice as follows: as follows: 1) ENVE will provide the Dealer notice specifying the action inconsistent with this Distribution Policy. Any action continuing for 24 hours after actual or constructive notice shall be considered a second action hereunder. 2) Upon any second action inconsistent with this Distribution Policy, ENVE will refuse to accept new orders and hold and/or cancel all Dealer's orders for the specific Cycling Product at issue for thirty (30) days and Dealer shall not be eligible for access to closeout lists; 3) Upon any third action, ENVE will refuse to accept new orders and hold and/or cancel all orders from Dealer and will not ship any Cycling Products for a period of sixty (60) days; 4) Upon the fourth action, ENVE will terminate Dealer's account with ENVE. The decision to reinstate a Dealer after taking actions inconsistent with this Distribution Policy will be at the sole discretion of ENVE and assurances of future compliance will not be considered.
- 5. This Distribution Policy applies to Dealers located in the United States.

E-Commerce Policy:

ENVE has established the following E-Commerce Policy for any Dealers that wish to sell Cycling Products via the internet. This includes any Dealer who uses the internet to advertise Cycling Products, as well as any dealer who uses the internet to solicit any consumer or other interest in a Cycling Product. This E-Commerce Policy shall act in conjunction with the MAP Policy, and Distribution Policy.

E-Commerce Partner Requirements:

1. Must Be an E-Commerce Partner:

Those wishing to sell Cycling Products via the internet must be an approvedE-Commerce Partner in good financial standing with ENVE and has not taken any action inconsistent with any ENVE policy. ENVE discloses that it intends to limit the number of authorized E-Commerce Partners, as E-Commerce Partners do not generally provide the grassroots services necessary to cultivate the brand and productloyalty which ENVE desires to achieve. Additionally, no third party vendor shall be authorized to sell Cycling Products without the express written permission of ENVE.

2. Must Have Minimum levels of Inventory and Business:

E-Commerce Partners must commit to agreed inventory levels on all Cycling Products that are considered "in-line". E-Commerce Partners must commit to a minimum level of total business, to be determined on a year to year basis, in Cycling Products (at wholesale value). If an E-Commerce Partner fails to meet the minimum level of total business, ENVE reserves the right to remove its account as an approved E-Commerce Partner.

3. Must Maintain Shopping Cart:

E-Commerce Partners must maintain "Shopping Cart" technology for full consumer transaction completion and approval/verification on-line for all products at any time by any consumer. This includes providing an approved, secure consumer site for all transactions and ensuring consumer privacy and fraud protection, and complying with any state and federal laws and regulations including those governing privacy and the Internet.

4. Must Have Email Capability:

E-Commerce Partners must have the capability for email and consumer information retention, as well as the capability to distribute email information to their consumer database. To this end, each E-Commerce Partner must work with ENVE in regards to direct-to-consumer emails to announce and/or feature designated products agreed to by both the E-Commerce Partner and ENVE.

5. Must Have Approved Product Presentation:

E-Commerce Partners must have an approved product presentation site and consumer education information must be available for each product listed on the site.

This includes, but is not limited to: a full graphic image of the product; ENVE product specifications on each product listed; an explanation of ENVE product key performance technologies; and training videos, if any. This will serve to enhance the consumer experience for Cycling Products, as well as maintain the integrity of ENVE premium products. "Linking" to Cycling Brand websites (e.g. www.enve.com) for specifications, graphic images, or other basic consumer education information that ENVE deems necessary to sell Cycling Products online is prohibited. Downloading this information (from the ENVE websites) for placement/availability on a designated E-Commerce Partner site is permitted in certain circumstances, but only, with prior approval of ENVE.

6. Must Meet Approval of ENVE:

ENVE reserves the right to approve and request changes to any Dealer website with regards to this E-Commerce Policy, or regarding our own expectation of product presentation and the consumer experience on any E-Commerce Partner's online store. E-Commerce Partner must obtain the prior approval of all e-commerce strategies or programs that are inconsistent with this E-Commerce Policy.

7. Must Not Use Third Party Site:

The E-Commerce Partner shall only sell Cycling Products directly from the Partner's web site and shall not link to third party web sites for product sales or fulfillment (i.e., directing consumer traffic to any other site for any reason is not permitted). E-Commerce Partner shall not use "online marketplace" websites without written consent of ENVE. Any posting, advertising, fulfilling, or selling any Current MAP Products through or in any way in conjunction with any "auction" site, online marketplace, or related method of re-distribution or the directing of consumers in any way to any such site will be viewed as an action inconsistent with this Policy.

8. Must List MAP Retail Price:

Although the E-Commerce Partner shall set the retail sales price of all products, E-Commerce Partner shall list a price at or above the MAP Retail Price next to the featured product on all website pages prior to the consumer agreeing to Checkout. This policy applies to advertised prices and does not apply to the actual price displayed to a consumer within the secured/encrypted Checkout or Shopping Cart pages of E-Commerce Partner's website.

9. Third Party Vendor Requirements:

To the extent that ENVE approves a Third Party Vendor ("3P") as an E-Commerce Partner, such 3P shall:

A. Operate a brick & mortar shop or serve as a pure play

internet dealer for core consumer base;

- B. 3P's storefront must have the same name as its brick& mortar physical shop and main web site, if applicable;
- C. Maintain dedicated brand landing page per brand guidelines and have clearly posted return policies;
- D. Showcase a breadth of assortment for brand and category as determined and approved by ENVE;
- E. List and advertise MAP retail price in accordance with the ENVE MAP Policy;
- F. Be in good credit standing with ENVE; and
- *G.* Support growth objectives, category expansion as well as in store excellence implementation.

ENVE sales representatives are NOT permitted to discuss any of these Policies or make any agreements or assurances with respect to the Policies. This also includes any consumer program or promotion that affects the attached listed products. Any questions regarding this policy should be directed to the National Sales Manager in Ogden, Utah.

The Policies stated in this document are applicable to all Dealers in the United States.

*Please see "Current MAP Product" list for the details regarding Products that falling within the guidelines of this policy.

FACTORY LIMITED WARRANTY

ENVE products are warranted to be in conformance with ENVE material and workmanship specifications. Items deemed eligible for coverage under the ENVE Factory Limited Warranty will be replaced or repaired at the discretion of ENVE for the defined period from date of

purchase for firsthand original owners and from date of the original products manufacture for secondhand owners. Product registration is recommended to expedite ENVE Factory Limited Warranty service.

Product Category	Warranty Period
Frame, rim, fork, handlebar, stem, seat post, hub, bottle cages	5 Years (From original date of purchase of the original product on receipt for firsthand owners, and from date of manufacture of the original product for secondhand owners)
Paint	2 Years (From date of purchase on receipt for firsthand owners And from date of manufacture for secondhand owners) MODIFICATION OF STOCK PAINT VOIDS PAINT WARRANTY

ENVE carbon is engineered for performance at the highest levels of cycling and designed to lead the market in strength, durability, and ride quality. We do not design products to be indestructible. If you exceed the limits of your product while riding, racing, crashing, or driving your roof mounted bike into the garage – don't worry, we've got your back.

ENVE incidental damage protection is a supplemental coverage program for original owners that protects against accidental damage caused to the product from riding,

racing, crashing, dog ate your wheel types of scenarios. Protection begins from date of purchase and product registration is highly recommended.

The ENVE Incidental Damage Protection program is not for sale and does not require you to buy coverage, it simply allows you to replace your product at a discount if you are the firsthand purchaser of the product when mishaps occur that are not covered by the ENVE Factory Limited Warranty. The periods of Incidental Damage Protection and the discounts available are as follows:

COVERAGE FOR WHEELS, RIMS, HUBS, FORKS, HANDLEBARS, STEMS, SEATPOST, AND BOTTLE CAGES

<3 Years (0-36 Months)	No charge on the specific damaged component — Customer responsible for costs related to parts (ex. spokes, nipples), labor, and shipping
>3 — <4 (37-48 Months)	50% Off MSRP, Customer pays all shipping
>4 - <5 (49-60 Months)	40% Off MSRP, Customer pays all shipping
>5 (61 + Months)	30% Off MSRP, Customer pays all shipping
Secondhand Owner	No Discount
