

MEASURING GUIDE

Chest

Neck

Length

Neck: Gently encircle the neck, leaving space for two fingers to fit comfortably.

Length: Gauge from the neck's base (where the collar rests) to the tail's base, following your pet's spine.

Chest: Measure around the body at the widest point of your pet's chest, typically just behind their front legs.

*Please read each product description carefully as some items may vary in fit, for example, oversize, regular and slim fit.
