

Maintenance Subscription

Autodesk Maintenance Subscription

Autodesk Maintenance Subscription is the most cost effective way to maintain and maximize your long-term investment in Autodesk software and services. Always stay current with the latest software releases and reap the benefits of flexible licensing rights and technical support. In addition, a variety of Autodesk® 360 cloud benefits help increase mobility and streamline collaboration

Benefits of Autodesk Subscription

- **Automatic Software Upgrades** – You always have the latest versions of your design and visualisation tools. This not only boosts your productivity, it lets you match your clients' upgrade cycles.
- **Prior Use Operability** – Autodesk Subscription gives you a unique 'prior use' right to use prior versions of previously purchased Autodesk software – even after you have installed an upgrade of the same product.
- **Home Use** – Extend your work flexibility with Home Use. Only Autodesk Subscription allows you and your employees the right to use your Autodesk products on a home machine.
- **Cost Savings** – Subscription is less expensive than standard upgrade options. And as there is only one annual fee per license, you benefit from predictable and easy-to-manage software budgeting.
- **Benefits of the Autodesk Cloud** – Such as rendering in the cloud – for more information visit 360.autodesk.com
- **Access to Autodesk Labs** – Including exclusive technology previews – for more information visit labs.autodesk.com
- **Cloud-based Storage** – Store design files in the cloud - 25GB of storage space per seat on Subscription. Access files anytime, anywhere.
- **Cloud-based Viewing** – View 2D and 3D design files with simply a web browser. Mark up 2D files with comments. Extend the design process to others even those who do not have the design software.
- **Cloud-based Rendering** – Extend your desktop with computing capacity and capabilities. Design, visualise and simulate your ideas to accelerate innovation and gain a competitive advantage.

As a valued Cadline Subscription customer you can also enjoy helpful information and tutorials relevant to your Autodesk Subscription, as well as browse our technical knowledgebase, blogs, videos, forums and much more.

1, 2 or 3 Years?

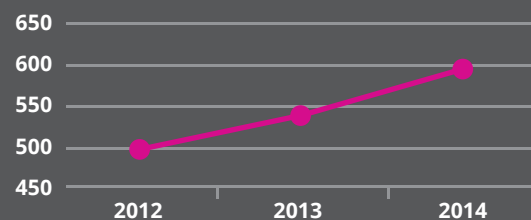

Multi year subscription contracts provide the best protection against Autodesk price increases.

A multi year subscription will protect your current subscription estate from future price increases from Autodesk for the term of the contract. In addition, you will also benefit from a 5% discount for a 3 year renewal.

AutoCAD Maintenance Subscription Renewal Cost for the last 3 years

2012	£500
2013	£535
2014	£595

AutoCAD Maintenance Subscription Renewal Cost for the last 3 years

Maintaining Subscription VS Upgrading

As of 1st February 2015, Autodesk have discontinued the upgrade purchase option making Autodesk Maintenance Subscription even more cost effective to stay cost effective and competitive in today's market. The purchase of a New Perpetual Licence or a Desktop Subscription will be required to receive the latest version of software.

Continuing membership to the Autodesk Maintenance Subscription programme not only offers significant financial gains but also brings you all the key benefits described above.
