BACKGROUND

Founded in 1985, Mahenti Corporation has experienced a remarkable evolution from its real estate origins into a multifaceted conglomerate. Over the years, the company has diversified into various sectors, including fund and investment management, textiles, and more. However, it was in 1997 that Mahenti Corporation embarked on a pivotal journey by introducing the "Lunar" brand, venturing into the realms of lighting and computer technology.

The year 1999-2000 marked a significant turning point with the launch of computer tables, giving birth to "Lunar Furniture." This momentous step revolutionized the office furniture industry, setting the stage for a future defined by innovation and quality. In 2018, Lunar Furniture made a bold move by establishing its in-house production unit for office furniture, proudly championing "Made in Pakistan" products. Throughout its journey, the company has consistently embodied values such as integrity, innovation, and a customer-centric ethos, all of which continue to shape industries and inspire progress.

PURPOSE

“Empowering spaces to illumine, just like the Lunar in the night sky”

Inspired by the Quranic verse Al-Furqan (25:61), which speaks of the celestial bodies in the night sky, Lunar Furniture is dedicated to bringing illumination and serenity to your spaces. Our brand, much like the luminous moon, seeks to empower your space with a sense of tranquility and elegance. We aim to create an ambiance that echoes the soothing presence of the moonlight, making your space enchanting and functional.

VISION

“Inspiring Designs to shape Elegant & Efficient Spaces”

The vision of Lunar Furniture is crystal clear: to be a beacon of inspiration in the world of office furniture. The brand aims to create designs that are not just visually pleasing but also highly functional, contributing to the creation of elegant and efficient spaces. Through innovative solutions, Lunar Furniture strives to inspire individuals and organizations to achieve their fullest potential by optimizing their workspaces.
