The ShopLanding Testing Process

- ✓ Generated first wireframe using ShopLanding's AI platform to analyze FB ads & customer reviews
- ✓ Then using live customers, we tested:
 - multiple heroes
 - different benefits to use over the fold
 - many different layouts

**2 VARIANTS
TESTED IN
4 WEEKS**

WITH ONE CLICK RESULTED
IN 3X Engagement

The Final Landing Page

Use **statistics** near CTA like “60% More Efficient”

Use **benefits** near CTA to increase scroll depth

Add on **social media content** instead of product pictures to increase scroll depth and add validity

Aspirational, active video in the hero to show the product in action

If you mix concrete, or you work with dry mixes...
Then you know how much pain and suffering it is. 😓
You're lugging around your granddaddy's wheelbarrow
to mix in... 🙄

...

Engaging prospects makes conversion skyrocket. Customers want to buy from brands they identify with!

SHOPLANDINGAI BY BAOTRIS

By capturing prospect interest immediately with optimized landing pages **ShopLandingAi transformed their bottom line.**

PROBLEM

Mudmixer wanted ad to convert better

Currently, their sales have a long awareness cycle. With ads, they want to increase e-commerce sales

Their lack of market competition means a education is required.

DIAGNOSIS

The product page did not communicate how this product can improve your work.

The product page doesn't do enough to communicate why its better than other options.

SOLUTION

Focusing on benefits helped people want to convert particularly more benefits and time savings.

Add more information highlighting why it's will change your work.

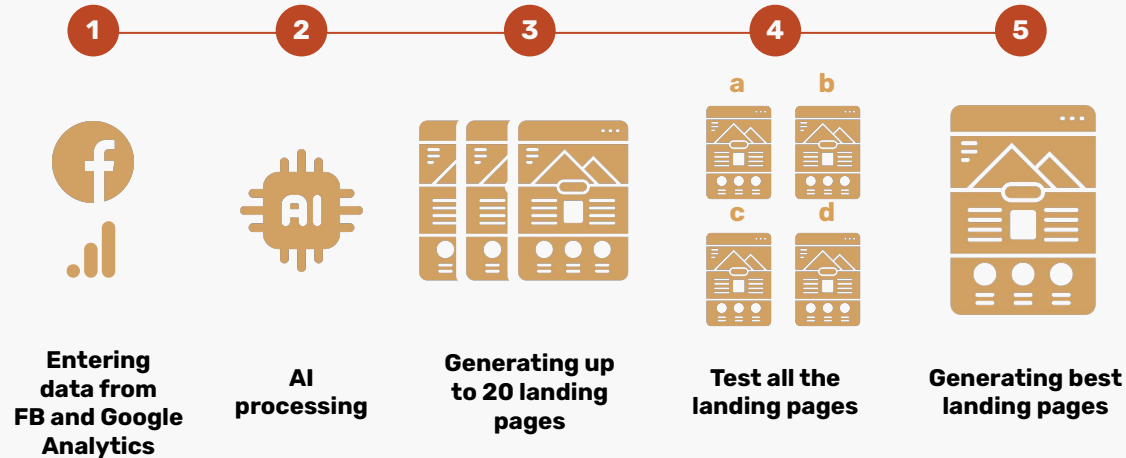

“Your team is solid. I believe what they say because they are using data to make decisions instead of just going by gut feelings or some random ideas. So that gives us a sense of security that we are moving in the right direction.”
