

NTS have developed a complete fertiliser covering every aspect of plant and soil nutrition. Life Force® Gold™ Pellets are the bridge between conventional agriculture and organics, literally containing the best of both worlds. This balanced fertiliser epitomises the NTS approach toward Nutrition Gardening®, which builds soil fertility while feeding both the soil biology and the plant.

BENEFITS

- → A total fertiliser involving over 20 components.
- → A 'living fertiliser', where organic acids and microbes have complexed the component minerals and nutrients.

PACKAGING:

3 kg, 25 kg

Product Code: LFGP

Life Force® Gold™ Pellets

DIRECTIONS FOR USE

- Application Rate: 200 g (or 1 cup) per square metre.
 15 grams per litre for potting media.
- Life Force® Gold™ Pellets are ideal for your vegetable gardens, fruit trees, lawns, exotic or ornamental gardens and pot plants.
- Avoid over-application on natives.
- Fruit trees and ornamentals will benefit from a spring feed, while vegetable and flower crops may require more frequent feeding; these hungry crops respond well when they receive a light feed every 3 months.
- Top dress lawns in spring.
- In summer rainfall districts, an application after the wet season will replenish the soil from leached nutrients.

STORAGE & HANDLING

- Read safety directions on package before use.

TYPICAL ANALYSIS W/W (DRY BASIS)	
Total Nitrogen (N)	3.03%
Total Phosphorus (P)	2.01%
Total Potassium (K)	3.98%
Carbon (C)	26.9%
Calcium (Ca)	5.99%
Sulfur (S)	2.97%
Magnesium (Mg)	0.70%
Iron (Fe)	1240 ppm
Silicon (Si)	1430 ppm
Zinc (Zn)	1600 ppm
Copper (Cu)	1010
Manganese (Mn)	310 ppm
Boron (B)	540 ppm
Molybdenum (Mo)	15.8 ppm
Cobalt (Co)	0.3 ppm
Selenium (Se)	1.1 ppm
Carbon : Nitrogen	8.87
Nitrogen : Potassium	0.76

Analyses given for naturally sourced products are a **typical analysis only**, due to the natural variations that can occur.
