Exquisite Brick Masonry Veneer

by Creative Mines

Introducing Creative Mines

BRICK COLLECTION

Experience a new level of luxury and sophistication with our exquisite brick collection. Beautifully handcrafted, our masonry brick veneer transcends traditional clay brick, offering new design and technical advancements that cater to modern sensibilities. Each brick is infused with history, texture, and distinctive color palettes, allowing for endless design expressions that elevate any project to new heights of beauty and elegance.

I'm home.*

DETAILS MATTER

To survive the test of time, you better be tough. Like the structures of Ancient Rome, Creative Mines is the only brick masonry veneer using pozzolan - a natural additive found in icons like the Colosseum for unrivaled durability.

Nature is unpredictable and Creative Mines excels in all seasons. Our industry-leading freeze-thaw durability with 0% degradation, 3800 PSI compressive strength and superior resistance to moisture intrusion and unsightly efflorescence is unmatched.

Skilled artisans handcraft each brick with breathtaking color and texture combinations. By leveraging our proprietary cementitious mix design, we can effectively decrease CO₂ emissions by up to 80% per square foot when compared to clay brick.
