

GOLF GLOVE SIZING

Our golf gloves are designed to be extremely comfortable and act as a second skin. With the help of our sizing guide we can get you into a perfect fitting glove.

To determine your golf glove size, simply measure the circumference of your glove hand around the knuckles. We currently only offer gloves for right handed players. If you are right handed, please measure your left hand.

Using your hand circumference measurement, find the correct golf glove size in the following chart. If you are between sizes, we recommend trying a smaller size first.

Golf Glove Size Chart	
Size	Circumference
Small	7.75" - 8"
Medium	8" - 8.25"
M/L	8.25" - 8.375"
Large	8.375"- 8.75"
XL	8.75"- 9.25"
XXL	9.25" - 9.5"
