Brajak Vitberg is an art and design studio,
founded by two architects from Ljubljana, Slovenia in 2018.

We are striving to design craft elements and make them
timeless through experimental designing process.

The studio creates a range of products from handmade and
limited small series to one piece unique products,
inspired by materials and forms that create incomplete perfection.

The image features a close-up, textured surface, likely a wall or a piece of fabric, with a warm, muted color palette of beige and light brown. A prominent horizontal shadow or crease runs across the middle of the frame, creating a strong sense of depth and texture. The lighting is soft and directional, highlighting the grain of the material. Centered horizontally across this shadow line is the text "BRAJAK VITBERG" in a clean, white, serif typeface.
