Light Usage	Basic package; 1 visit per year			
Medium Usage	Plus package; 1 visit every 8 months (price based on 8 month plan)			
Heavy Usage	Premium package; 2 visits per year; replaces same items as Plus			

BASIC PACKAGE

1 Year Plan (includes one visit):

Designed for light usage conditions and entails inspection of the unit's components and operating functions. Also, includes replacement of the door gasket, air filter, and interior cabinet light bulb.

PLUS PACKAGE

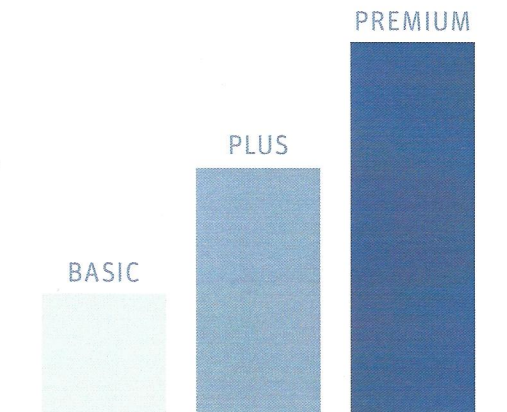

8 Month Plan (includes one visit):

Designed for medium usage conditions and entails inspection of the unit's components and operating functions. Also, includes replacement of the door gasket, air filter, and interior cabinet light bulb as well as additional wear items that will reduce the likelihood of unplanned downtime.

PREMIUM PACKAGE

1 Year Plan (includes two visits):

Designed for heavy usage conditions and entails inspection of the unit's components and operating functions. Also, includes replacement of the door gasket, air filter, and interior cabinet light bulb as well as additional wear items that reduce the likelihood of unplanned downtime. This service will be performed two times per year.

	62	\$1,215.84	102	\$1,254.68	202	\$1,712.58

Planned Maintenance Travel Pricing

Trip Charge

\$112.50 per hour.

*Pricing varies due to market specific labor costs and is based on standard business hours. Requests for after-hours service will result in additional charges. Although planned maintenance is not a guarantee against future breakdowns, it will significantly reduce the likelihood of unplanned breakdowns. Older units may require a more extensive visit to bring the unit back to proper operating condition. CombiMaster® Plus units may require a descale upcharge depending on the water quality. Based on 2015 pricing structure and is subject to change. Pricing may not be valid for customer locations regulated by "prevailing wage" laws. Above pricing is only valid for service partner listed on brochure.
