3D Chocolate Printer Procusini Performance Stack

For professionals who run events

3D Chocolate Printer Procusini

For catering, event gastronomy, hotel, patisserie, confectionery and bakery

*"The event theme 'Future'
on 250 dessert plates
created a wow effect
for my guests."*

David Seidel, Executive Chef,
The Westin Grand München

Production time "Future" lettering

	1 piece	10 pieces	50 pieces	100 pieces
3D Chocolate Printer Procusini	3,5 min	35 min	2 h 55 min	5 h 50 min
3D Chocolate Printer Procusini Performance Stack		18 min	1 h 28 min	2 h 55 min

One "Future" lettering weighs approx. 5.5 g
Approx. 8 cartridge fillings with Procusini 3D Choco are required for 100 "Future" letterings

To halve the production time in the event business, the Procusini 3D chocolate printer is recommended as a performance stack, see table above.
