Fabrig lets us have the hair we dream of and manage it ourselves, whatever our lifestyle.”

SALLY BROOKS,
FABRIQ GLOBAL BRAND AMBASSADOR

Fabriq, at home

With our homecare range of shampoos, conditioners and masks, you can treat your hair to some Fabriq love every day.

Our homecare products contain the same compound of African and Amazonian fruit and plant extracts that power our salon treatments.

Packing our products with all this goodness means you can enjoy healthy condition and serious shine and easy-to-manage hair, day after day.

Even better, we say no to not-so-good ingredients. Our products are free from sodium chloride (salt) and sulphates, so they're kind to your hair.

Hydrate

The perfect pick-me-up for coarse, dry or damaged hair. Hydrate Shampoo, Conditioner and Mask add lightweight moisture thanks to ingredients including glycerin, hydrolysed soy protein, carob bean extract and baobab. They revive your hair, protect it and restore its condition, leaving it soft and nourished with every use.

Build

A dream team for fine, thin or limp hair, Build Shampoo, Conditioner and Mask use ingredients like glycerin and hydrolysed rice proteins to add strength and softness each time you use them. The result? Stronger hair that stands up to everyday challenges and special-day styling.
