GENERAL INFORMATION

**WELCOME TO
LOWLANDER BOTANICAL
BAR & RESTAURANT
WHERE WE MAXIMISE
FLAVORS AND MINIMISE
WASTE.**

Our mission is to maximize flavors and minimize waste. That's why we utilize surplus and excess ingredients as much as possible – high-quality, seasonal ingredients that would otherwise go to waste – to create flavorful dishes and beverages. Our menu offers a fresh perspective on familiar classics, with each dish prepared using herbs, spices, and techniques that ensure we extract and preserve the most from every flavor. And, of course, we have a thirst quenching selection of botanically brewed beers (both alcoholic and non-alcoholic), botanical sodas, fresh teas, 100% natural juices, botanical cocktails, and beertails.

In our commitment to contributing to a better food system, we also prioritize products from local, organic, and environmentally-conscious suppliers, in addition to using surplus ingredients.

SPACES

LOWLANDER BOTANICAL BAR & RESTAURANT IS LOCATED IN AMSTERDAM NORTH, NEXT TO THE KROMHOUTHAL AND ON THE INDUSTRIAL ESTATE 'DE OVERKANT'. WITH A HUGE SOUTH-FACING TERRACE, ON THE BANKS OF THE IJ RIVER WITH VIEWS OF PASSING BOATS, THIS IS THE IDEAL SETTING FOR LUNCH, DRINKS, OR DINNER.

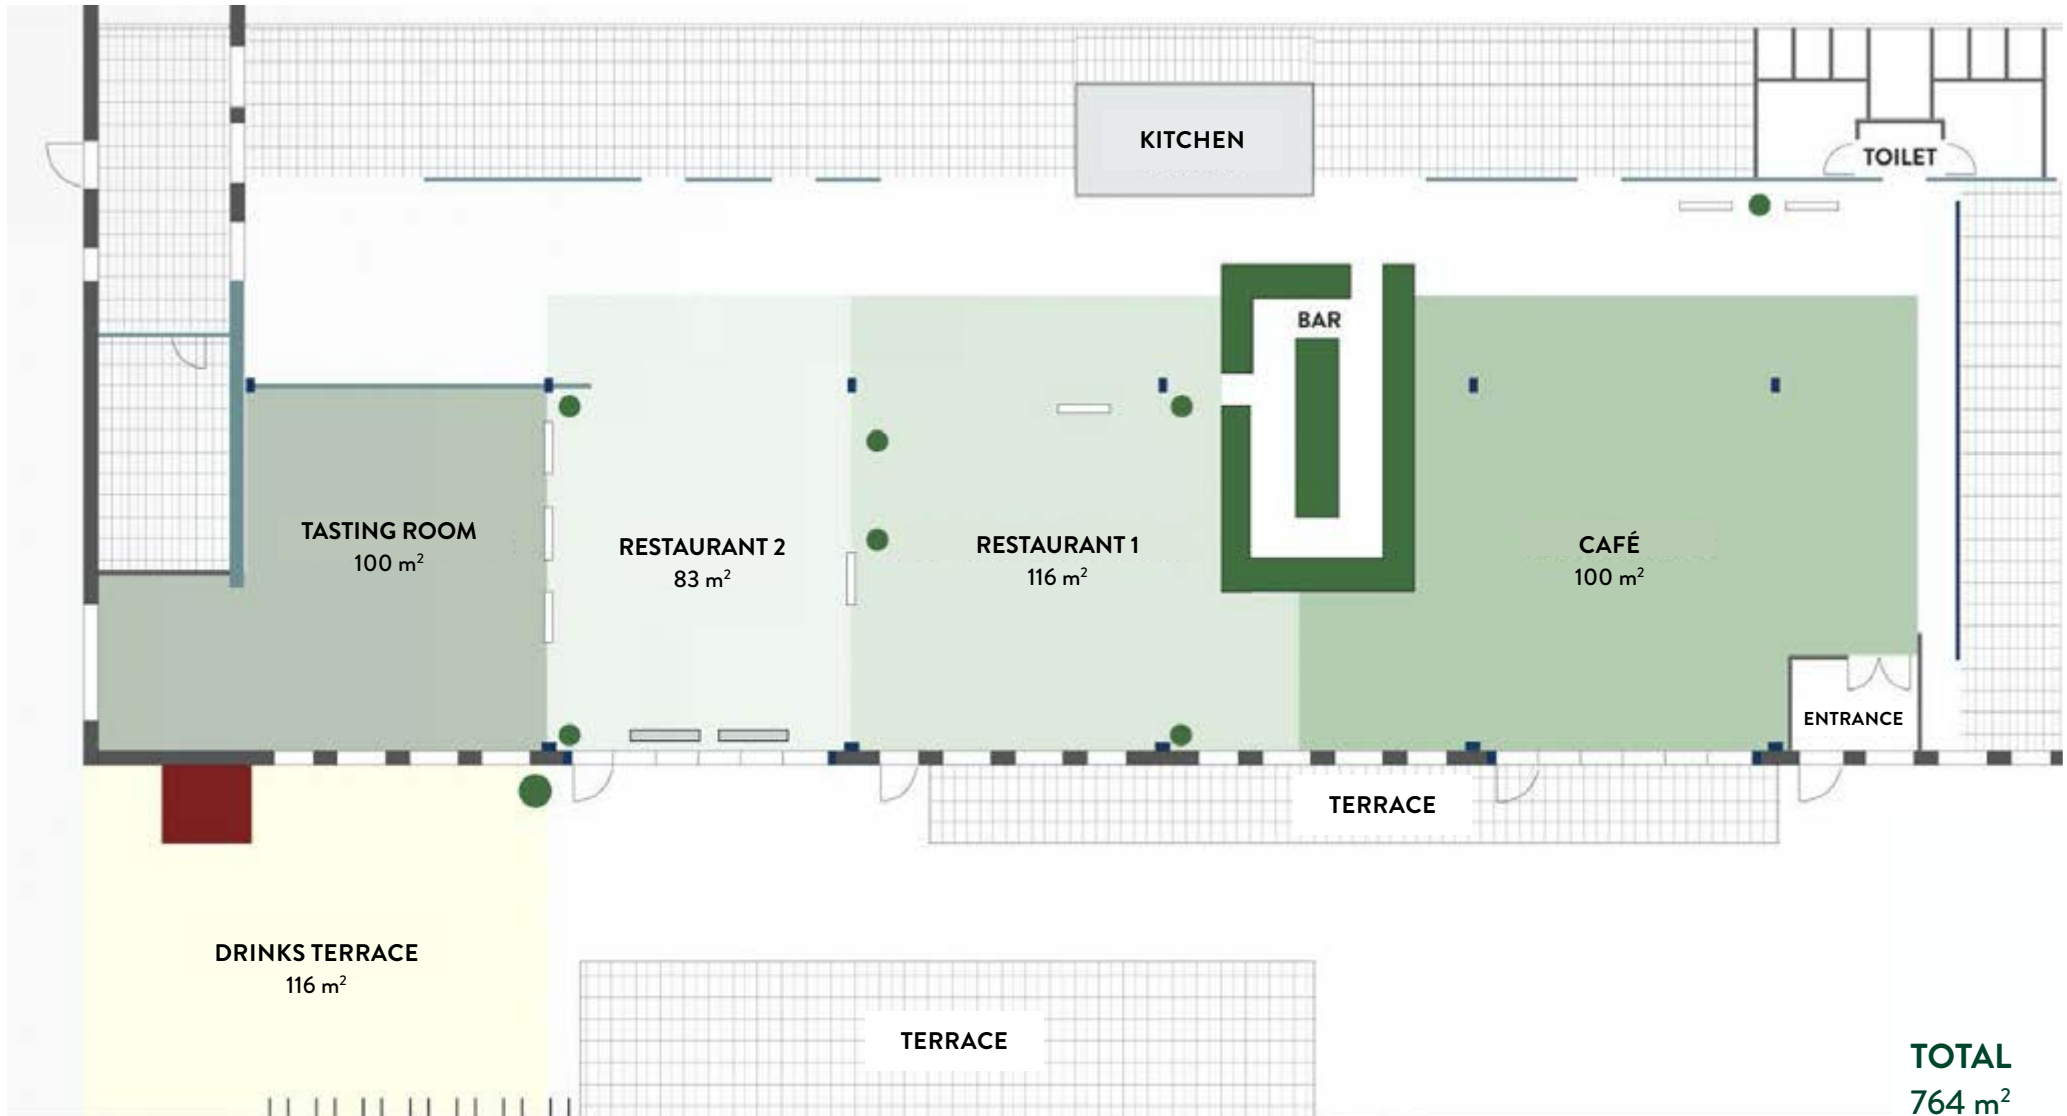

For groups of 10 people or more, we have put together various packages. Lowlander Botanical Bar & Restaurant is divided into different spaces: Tasting room, Restaurant 1, Restaurant 2, Café and the Terrace. If you wish to reserve one of these spaces or a combination of them, we operate with a revenue guarantee. This is a minimum revenue that needs to be achieved within the agreed-upon time and space. If you want to reserve the entire restaurant or terrace, in addition to a revenue guarantee, we also work with a fixed rental fee per space.

FOOD AND BEVERAGES

OUR MENU CONTAINS FAMILIAR CLASSICS WITH A TWIST BY PREDOMINANTLY USING VEGETABLES, WITH OPTIONS FOR FISH AND MEAT. ADDITIONALLY, WE STRIVE TO UTILIZE PRODUCTS THAT WOULD OTHERWISE GO TO WASTE.

TOGETHER WE CAN DO GOOD JUST BY DOING WHAT WE ALL LOVE – DRINKING BEER.

Furthermore, beer naturally takes center stage at Lowlander Botanical Bar & Restaurant. With at least six different beers on tap and an even larger selection in bottles and cans, along with our unique Beertails, there's plenty to choose from.

We brew our uniquely refreshing drinks with botanical herbs, spices and fruit. And since we live in the Low Lands – a country below sea level – we're understandably mindful of the world around us. It's also why we're on a mission: to take less out of nature and give more back. Which means that together we can do good just by doing what we all love – drinking beer.
