

**FUN FACT! Butterflies are pollinators.** That means they help plants reproduce by spreading sticky pollen bits from plant to plant. What other pollinators can you name or draw?

## PARTS OF A BUTTERFLY

**Fun Fact! Most states have an official butterfly!**  
What is YOUR state's butterfly?

A large rectangular area defined by a dotted line, intended for drawing or writing answers to the pollinator question.

A smaller rectangular area defined by a dotted line, intended for writing the name of the state's official butterfly.
